COMMERCIAL ITEM DESCRIPTION

LAMP, FLUORESCENT
(TRADE NO. F15T8/PL/AQ)

The General Services Administration has authorized the use of this commercial item description.

This description covers a wide spectrum plant and aquarium fluorescent lamp for use with starters with a 425 MA rating.

Salient characteristics:

T-8 bulb, 1 inch diameter

Watts - 15

Length 18 inches

Base - medium bipin

Rated average life in hours at 3 hours per start - 7,500

Lumens, initial - 460

The fluorescent lamp shall be in accordance with ANSI Standard C78.2

Workmanship. The lamp shall have no defects that affect serviceability or appearance.

The issue of ANSI Standard C78.2 in effect on the date of the solicitation shall be used to determine compliance with these requirements.

Regulatory requirements. The offeror/contractor is encouraged to use recovered materials in accordance with Public Law 94-580 to the maximum extent practicable.

Preservation, packaging, packing, labeling, and marking. The preservation, packaging, packing, labeling, and marking shall be as specified in the contract or order.

NOTES: NSN 6240-01-126-6816. When this commercial item description is used for procurement, the commercial item certification clause must appear in the solicitation.

ANSI Standard C78.2 is available from the American National Standards Institute, Inc., 1430 Broadway, New York, NY 10018.

DoD has determined that no military activity has an official interest in this commercial item description..
