COMMERCIAL ITEM DESCRIPTION

PAPER, COPYING, XEROGRAPHIC PROCESS (Watermark)

The General Services Administration has authorized this commercial item description for use in procurement.

This description covers premium No.1. Watermark white, plain copy paper cut grain long.

Salient characteristics.

		TAPPI test no.
Basis weight (17 x 22-500)	20 lb, ±5%	T-401
Brightness, min.	85%	T-425
Fiber content: chemical cellulose, min.	95%	T-410
mechanical wood pulp, max.	5%	T-401

The watermark shall be clearly legible when viewed from the wire side of the paper. The watermark may be achieved by means of dandy roll, off machine printing or any other commercially acceptable means.

Operating performance. Operating performance shall be checked at atmospheric conditions of 70°F, ± 10°F and a relative humidity of 50%, ± 30%. Cut papers shall be tested on a Xerox Model 9200 equipped with a sorter having at least 50 bins, each bin having a capacity of not less than 100 sheets. There shall be no more than one paper caused jam per 5,000 sheets in the copier or sorter when copying this page as an original. The copies shall be sorted into 50 bins, and the bins shall be cleared when they have 100 copies in them. Roll paper shall be checked on an IBM roll copier with no more than one paper caused jam per roll when copying the page as an original.

The issue of the TAPPI test methods in effect on date of solicitation shall be use to determine compliance with these requirements.

Workmanship. The paper shall conform to JCP 0-60 for Surface, Size and Trim requirements.

Regulatory requirements. The offeror/contractor is encouraged to use recovered materials in accordance with Public Law 94-580 to the maximum extent practicable.

Preservation, packaging, packing, labeling and marking. Preservation, packaging, packing, labeling and marking shall be as specified in the contract or order.

Note 1. TAPPI test methods are available from the Technical Association of the Pulp and Paper Industry, Technical Park/Atlanta, P.O. Box 105113, Atlanta, GA 30341.

Note 2. When this commercial item description is used for procurement the commercial item certification clause must appear in the solicitation.
