Check the source to verify that this is the current version before use.

2. Lamp characteristics.

Part number	A50441-1
Industry number	50/50T-12
Volts	115
Watts	50/50
Lumen output (approx.)	375
Hours life (approx.)	750

Contractor certification. The contractor shall certify and maintain substantiating evidence that the product offered meets the salient characteristics of this Commercial Item Description and that the product conforms to the producer's own drawings, specifications, standards, and quality assurance practices. The government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements. The offeror/contractor is encouraged to use recovered materials in accordance with Public Law 94-580 to the maximum extent practical.

Preservation, packaging, packing, labeling, and marking. Preservation, packaging, packing, labeling, and marking shall be as specified in the contract or order.

Notes.

1. Ordering data. Purchaser should specify the following:

   (a) Title, number, and date of this commercial item description.
   (b) CID part number required (see salient characteristics).

2. Cross reference to specification-based part numbers.

CID part number	A50441-1
MS-based part number	MS15545-2
