PAGE 9

*4.1, delete in its entirety and substitute the following:

"4.1 Responsibility for inspection. Unless otherwise specified in the contract or purchase order, the contractor is responsible for the performance of all inspection requirements as specified herein. Except as otherwise specified in the contract of purchase order, the contractor may use his own or any other facilities suitable for the performance of the inspection requirements specified herein, unless disapproved by the Government. The Government reserves the right to perform any of the inspections set forth in the specification where such inspections are deemed necessary to assure supplies and services conform to prescribed requirements."

PAGE 14

*5., delete "PREPARATION FOR DELIVERY" and substitute "PACKAGING."

Delete paragraph 5.1 in its entirety and substitute:

"5.1 Preservation. Preservation shall be Level A or C as specified (see 6.2)."

PAGE 16

6.1, paragraph identification, delete: "Intended use (for other than Type II use" and substitute: "Intended use (for other than Type III and IV use)"

*6.1, line 5, add: "FG-1C blue filter and MXU-507/E red filter are designed for use with this light."

6.1.1, paragraph identification, delete: "Intended use (for Type II use only)" and substitute: "Intended use (for Types III and IV use only)"

Add: "6.1.2 Intended use (for Type II, Class 2 only). The light is intended for equipping aircrew members and ship-board personnel with a high-intensity visual distress signal in the event of unscheduled abandonment of aircraft, or in the event of man overboard."

*6.2, delete and substitute the following:

"6.2 Ordering data.

6.2.1 Acquisition requirements. Acquisition documents should specify the following:"

a. Title, number, and date of this specification.

b. Type and class (see 1.2).

c. Selection of applicable levels of preservation, packaging and packing (see 5.1 and 5.2).

Check the source to verify that this is the current version before use.

*6.3, Renumber as 6.4 and add the following new paragraph 6.3.

"6.3, Certain provisions of this specifications are the subject of international standardization agreement ASCC/AIR STD 51/7B. When amendment, revision, or cancellation of this specification is proposed which will modify the international agreement concerned, the preparing activity will take appropriate action through international standardization channels including departmental standardization offices to change the agreement or make other appropriate accommodations."

The margins of this amendment are marked with an asterisk or vertical lines to indicate where changes (additions, modifications, corrections, deletions) from the previous amendment were made. This was done as a convenience only and the Government assumes no liability whatsoever for any inaccuracies in these notations. Bidders and contractors are cautioned to evaluate the requirements of this document based on the entire content irrespective of the marginal notations and relationship to the last previous amendment.
