3.5, delete and substitute:

"3.5 Marking. Except as otherwise specified herein, marking shall be in accordance with Specification MIL-S-19500. If any specification-requirements waiver has been granted, the product-identification marking shall consist of the 'classification' type designation only. The 'manufacturer's identification' and 'country of origin' may, at option of the manufacturer, be omitted from being marked on the semiconductor device covered herein."

PAGE 3

3.5.1, Delete in its entirety.

* FIGURE 1: Delete and substitute new FIGURE 1 as printed on page 2 of this amendment.

The margin of this amendment is marked with an asterisk or vertical lines to indicate where changes (additions, modifications, corrections, deletions) from the previous amendment were made. This was done as a convenience only and the Government assumes no liability whatsoever for any inaccuracies in these notations. Bidders and contractors are cautioned to evaluate the requirements of this document based on the entire content irrespective of the marginal notations and relationship to the last previous amendment.
