MIL-M-15562F(NAVY)
AMENDMENT-1
12 October 1978

MILITARY SPECIFICATION

MATTING OR SHEET, FLOOR COVERING,

INSULATING FOR HIGH VOLTAGE APPLICATION

This amendment forms a part of Military Specification MIL-M-15562F(NAVY), dated 7 December 1977, and is approved for use by all interested Commands of the Department of the Navy and the Marine Corps, and is available for use by all other Departments and Agencies of the Department of Defense.

3.5: Delete and substitute:

"3.5 Size. Unless otherwise specified (see 6.2.1), the length of the rolls shall be 25 yards with a maximum tolerance of plus or minus 3.0 yards. For types II and III matting, two pieces are permitted in a single roll, the smallest piece being not less than 5 yards long. This requirement is restricted to no more than 50 percent of each lot. Unless otherwise specified (see 6.2.1), type I sheeting shall be available in 36- and 72-inch widths with zero minus tolerance. Unless otherwise specified (see 6.2.1), types II and III matting shall be available in a 36-inch width with zero minus tolerance with finished, straight edges."
