Add new paragraphs 4.1.2, 4.1.2.1, and 4.1.2.2 as follows:

"4.1.2 First article (initial production) approval. The requirement for first article approval and the responsibility (Government or contractor) for first article approval tests shall consist of three (3) telescopes plus three (3) each of all items covered by QAP. The sample shall be manufactured in the same manner, using the same materials, equipment, processes, and procedures as used in regular production. All parts and materials, including packaging and packing, shall be obtained from the same source of supply as used in regular production.

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.
