NOTICE OF CHANGE

NOT MEASUREMENT SENSITIVE

MIL-STD-804C
NOTICE 1
1 JULY 1991

MILITARY STANDARD

FORMATS AND CODING OF APERTURE, CAMERA, COPY, AND TABULATING CARDS

1. TO ALL HOLDERS OF MIL-STD-804C, PLEASE MAKE THE FOLLOWING CHANGES:

a. Page 5, under standards military add "MIL-M-38761/2A (SH) - Microfilm Aperture, Tabulating Cards and Ships Drawing Indexes for Naval Sea Systems Command Ships, Systems, and Equipment, Preparation Of."

b. Page 11, in Table III for the term "Model" change it's keypunch entry "MD" to "MO".

c. Page 15, at the end of 5.5 add the following note:
"NOTE: The term 'Distribution Statement Letter' and a 'Dedicated Print Row Location' is not preprinted on any card interpreter bars format information."

d. Page 19, delete 5.6.11 and replace with: "5.6.11 Number of cards. The total number of cards (frames) in a group of cards associated with the document identified in columns 3 - 17 shall be punched in this field. All keypunch entries shall be right justified with zero padding. The following conditions apply: (1) If the identified document requires only one card, the keypunch entry shall be 0001; (2) If the identified document requires more than one card, the keypunch entry shall be the total number of cards keypunched only in the first card of the group. The keypunch entry for the remaining cards in the group shall be blank unless the procuring activity requires that the total number of cards shall be keypunched in all cards of the group; and (3) If an individual page/sheet requires multi-frame filming, the total number of cards (frames) necessary to film this page/sheet is considered an individual group of cards. For example, if three cards (frames) are required, the keypunch entries shall be 0001 in the first card, 0002 in the second card, etc., etc."
