Y-B-91d
AMENDMENT—2
May 26, 1966

SUPERSEDING
Int. Amendment—1 (AGR-C&MS)
July 27, 1965

FEDERAL SPECIFICATION

BANANAS, FRESH

This amendment, which forms a part of Federal Specification Y-B-91d, dated January 8, 1965, was approved by the Commissioner, Federal Supply Service, General Services Administration, for the use of all Federal agencies.

PAGE 1

Paragraph 1.1—delete and substitute:

1.1 Scope. This specification covers the requirements for form, size, stage of ripeness, grade, and method of packing fresh bananas.

Paragraph 1.2—delete the second sentence and substitute: "Form. Bananas shall be in individual "fingers", "clusters", "hands", full "stems", or in combinations of two or more of these forms, as specified (see 3.2 and 6.1)."

Paragraph 1.2—delete the fourth sentence and substitute: "Stage of ripeness. Bananas shall be of the stage or stages of ripeness as specified (see 3.2.1.1 and 6.1)."

PAGE 2

Paragraph 2.2, under *"Governmental:"* delete "General Regulations for Its Enforcement" and substitute "Regulations Promulgated Thereunder."

Paragraph 2.2 under *"Nongovernmental:"* parenthetical statement—delete "Agricultural Chemists" and substitute "Analytical Chemists."

Paragraph 3.1, line 4—delete "General".

Paragraph 3.2.1—delete the fourth and fifth sentences and substitute:

"When bananas are in "hands" or "clusters", the "hands" or "clusters" show a smooth cut where detached from the stalk and are free from portions of stalk. Each "hand" has 8 or more "fingers"; each "cluster" has 3 or more "fingers".

Paragraph 3.2.1—delete the sixth sentence and substitute:

"Unless otherwise specified, the maximum diameter of each banana shall be not less than 1 1/8 inches; and the length of each banana shall be not less than 6 inches, measured along the line of the outer curve from blossom end to end of pulp."

Paragraph 3.2.1—delete the ninth and tenth sentences and substitute:

"For "clusters", "hands", or "stems": not more than 5 percent of either "clusters", "hands", or "stems", may fail to meet the requirements of the grade for trimming or the specified size of "cluster", "hand", or "stem". *Application of Tolerances.* The contents of individual packages or individual "stems" in the lot, based on sample inspection, are subject to the following limitations: Provided, that the averages for the entire lot are within tolerances specified:

For a tolerance of 10 percent or more, not more than one and one-half times the tolerance specified; and for a tolerance of less than 10 percent, not more than double the tolerance specified; except that in the case of "clusters", "hands", or "stems" this variation applies to "fingers" only, not to the tolerance of 5 percent for "clusters", "hands", or "stems" as a whole."

Paragraph 3.2.1.1—delete and substitute:

3.2.1.1 *Stages of ripeness.*

Color number	Peel color
1	Green
2	Light green, breaking slightly toward yellow
3	Yellowish-green
4	Greenish-yellow, more yellow than green
5	Yellow with green tips
6	Yellow
7	Yellow, flecked with brown

PAGE 3

Paragraph 4.2.2—delete and substitute the following:

4.2.2 *Responsibility for inspection.* The supplier is responsible for meeting all the provisions of the specification prior to submission to the Government for acceptance. Unless otherwise specified in the contract or order, the supplier is required to perform the examination and tests prescribed herein, using his own or any other inspection facilities and services acceptable to the Government.

Paragraph 4.2.2.2, lines 1 and 2—delete "packaging".

After paragraph 4.2.4 add the following:

4.2.5 *USDA Certificate of Quality and Condition.* When specified (see 6.1), by the procuring agency, the contractor shall furnish a U.S. Department of Agriculture Certificate of Quality and Condition as outlined in procurement documents.

PAGE 4

Paragraph 6.1, subheadings "*(b)*" through "*(e)*"—delete and substitute: "*(b)* Form, size if other than designated in the grade, and stage or stages of ripeness required (see 1.2).

(*c*) When USDA Certificate of Quality and Condition is required (see 4.2.5).

(*d*) When chemical analyses are required (see 4.3.1)."
