# FEDERAL SPECIFICATION

## GRAPEFRUIT, FRESH

## (TEXAS AND STATES OTHER THAN FLORIDA, CALIFORNIA, AND ARIZONA)

This specification was approved by the Commissioner, Federal Supply Service, General Services Administration, for the use of all Federal agencies.

### 1. SCOPE AND CLASSIFICATION

1.1 Scope. This specification covers the requirements for fresh grapefruit from Texas and States other than Florida, California, and Arizona for use by all Federal Agencies.

1.2 Classification.

1.2.1 Types. Grapefruit shall be of the following types, as specified (see 6.1):

Seeded White
Seeded Pink
Seedless White
Seedless Pink

1.2.2 Variety. Grapefruit shall be of the variety or varieties specified (see 6.1).

1.2.3 Size. Grapefruit shall be fairly uniform in size and shall be of the numerical count per container, as specified (see 6.1).

1.2.4 Grades. Grapefruit shall be of the following grades in accordance with the current U. S. Standards for Grapefruit (Texas and States other than Florida, California, and Arizona), as specified (see 6.1):

U. S. Fancy
U. S. No. 1
U. S. No. 1 Bright
U. S. No. 1 Bronze
U. S. Combination
U. S. No. 2
U. S. No. 2 Russet

### 2. APPLICABLE DOCUMENTS

2.1 This section is not applicable to this specification.

(Activities outside the Federal Government may obtain copies of Federal Specifications, Standards, and Handbooks as outlined under General Information in the Index of Federal Specifications and Standards and at the prices indicated in the Index. The Index, which includes cumulative monthly supplements as issued, is for sale on a subscription basis by the Superintendent of Documents, U. S. Government Printing Office, Washington, D. C. 20402.

(Single copies of this specification and other product specifications required by activities outside the Federal Government for bidding purposes are available without charge at the General Services Administration Regional Offices in Boston, New York, Washington, D. C., Atlanta, Chicago, Kansas City, Mo., Fort Worth, Denver, San Francisco, Los Angeles, and Seattle, Wash.

(Federal Government activities may obtain copies of Federal Specifications, Standards, and Handbooks and the Index of Federal Specifications and Standards from established distribution points in their agencies.)

2.2 Other publications. The following documents form a part of this specification to the extent specified herein. Unless otherwise indicated, the issue in effect on date of invitation for bids or request for proposal shall apply:

Governmental:

Federal Food, Drug and Cosmetic Act and Regulations Promulgated Thereunder.

(Copies may be obtained upon application, accompanied by money order, coupon, or cash to the Superintendent of Documents, U. S. Government Printing Office, Washington, D. C. 20402. Prices may be obtained from the Superintendent of Documents.)

United States Standards for Grapefruit. (Texas and States other than Florida, California, and Arizona.)

(Single copies may be obtained without charge from the U. S. Department of Agriculture, Washington, D. C. 20250.)

Nongovernmental:

Official Methods of Analysis of the Association of Official Agricultural Chemists.

(Application for copies should be addressed to the Association of Official Analytical Chemists, P. O. Box 540, Benjamin Franklin Station, Washington, D. C. 20044.)

3. REQUIREMENTS

3.1 Federal Food, Drug and Cosmetic Act. All deliveries shall comply in every respect to the provisions of the Federal Food, Drug and Cosmetic Act and regulations promulgated thereunder.

3.2 Description of grades. Unless otherwise specified, the interpretation of grades and requirements as to size and count shall be in accordance with the United States Standards for Grapefruit (Texas and States other than Florida, California, and Arizona) in effect on date of invitation for bids.

4. QUALITY ASSURANCE PROVISIONS

4.1 Sampling. Samples of grapefruit under this specification may be selected by the Government inspector, examined, and tested at any time to determine if they are in accordance with the requirements of this specification.

4.2 Inspection.

4.2.1 General. Inspection shall be made by the procuring agency or a duly authorized representative, at the time and place designated by the procuring agency. It may be made at the packing house, both during and after packing, at any suitable point in transit and after delivery to the point of destination. If inspection is made during the time of packing, the passing as satisfactory of any detail of packing or materials shall not relieve the contractor of responsibility for faulty workmanship or materials which may be discovered at any time prior to final acceptance.

4.2.2 Final inspection. Unless otherwise specified, final inspection shall be made after delivery to the point of destination (see 6.3 and 6.4).

4.2.3 Examination of packing and marking. An inspection shall be made to determine that the packing and marking are in accordance with the requirements of section 5.

4.2.4 Responsibility for inspection. The supplier is responsible for meeting all provisions of the specification prior to submission of supplies to the Government for acceptance. Unless otherwise specified in the contract or order, the supplier is required to furnish an official inspection certificate issued by the U. S. Department of Agriculture certifying that the grade of the product supplied is as required by the contract or order.

Check the source to verify that this is the current version before use.

4.2.4.1 Inspection records of the examination and tests shall be complete and made available to the Government as specified in the contract or order. The Government reserves the right to perform any of the inspections set forth in the specification where such inspections are deemed necessary to assure that supplies and services conform to prescribed requirements.

4.3 Tests.

4.3.1 Chemical analyses. Unless otherwise specified (see 6.1), chemical analyses, if required by the purchaser, shall be made in accordance with the Official Methods of Analysis of the Association of Official Agricultural Chemists in effect on the date of invitation for bids, or in accordance with methods that give equivalent results.

5. PREPARATION FOR DELIVERY

5.1 Packing. The grapefruit shall be packed in a container which shall conform to the Freight Container Tariff for grapefruit as applicable to the state in which the product was grown. The quantity to each container shall be as specified in the procurement document (see 6.1). Each container shall be packed so that the grapefruit in the shown face shall be reasonably representative in size, color, and quality of the contents of the container; each container shall be well filled but the contents shall not show excessive or unnecessary bruising because of over-filled containers. Each container shall be at least level full at time of packing.

5.2 Labeling and marking. In addition to commercial labeling that complies with the Federal Food, Drug, and Cosmetic Act and regulations promulgated thereunder, each shipping container shall be marked in accordance with the contract or purchase order (see 6.1).

6. NOTES

6.1 Ordering data. Purchasers should select the preferred options permitted herein and include the following information in procurement documents:

(a) Title, number, and date of this specification.
(b) Type, variety, size (count per container) and grade required (see 1.2.1, 1.2.2, 1.2.3 and 1.2.4).
(c) When chemical analyses are required (see 4.3.1).
(d) Quantity to shipping container (see 5.1).
(e) Special marking required (see 5.2).

6.2 If samples with bids are necessary, they should be specifically asked for in the invitation for bids, and the particular purpose to be served by the bid sample should be definitely stated, the specification to apply in all other respects.

6.3 Contractor's inspection. The contractor should be required to assure that the product conforms with the specification prior to submission to the Government for final inspection.

6.4 Destination inspection. When the finished product has been inspected and passed at point other than destination, the contract should require that the product be inspected at destination for condition and quantity only.
