COMMERCIAL ITEM DESCRIPTION

CALCULATING MACHINE
(DESK TOP, 1 OR MORE MEMORIES, DISPLAY ONLY)
(SOLAR POWER)

The General Services Administration has authorized the use of this commercial item description.

This description covers a general purpose, desk top electronic calculator intended for general office use.

Salient characteristics.

Dimensions (minimum): 5 inches by 7 inches.

Power: Solar (light) powered.

Display: Minimum of 10 digits.

Keyboard: Standard 10 digit (extra 00 and 000) keys acceptable) with those additional keys and controls necessary to perform all functions required by this description.

General requirements, functions, and features:

Capability to add, subtract, multiply and divide.
Clear capabilities - clear entry and clear contents of the working register. To accomplish these clear functions the calculator shall, at a minimum, have a single C/CE key, which upon the first depression shall clear the last keyboard entry and upon the second depression shall clear the entire working register.
Constant for multiplication and division.
Repeat add and subtract.
Negative sign for negative entries and answers.
Total function.
Provisions to alert operator to overflow, i.e., when number entered or answer exceeds the machine capability.
Floating decimal in entry and answer.
Capability to select a minimum of 3 fixed decimal positions.
Add mode - fixed at 2.
Percent key which provides add-on and discount capabilities either automatically or on subsequent depression of no more than two additional keys.

FSC 7420

Check the source to verify that this is the current version before use.

Rounding - minimum capability of 5/4 round off.
Memory(s)- minimum of one (1) independent addressable memory with a minimum of four (4) memory keys.
Punctuation - comma or triplet spacing.
Buffered keyboard.
Minimum of two (2) rollover.
Operating manual - a copy of the operating instructions will be furnished with each calculating machine.

Workmanship. Calculating machines shall be free from faulty construction or any characteristic or defect which affects appearance, usability, serviceability, or durability, or which may constitute a hazard to the user.

Regulatory requirements. The offeror/contractor is encouraged to use recovered materials in accordance with Public Law 94-580, to the maximum extent practical.

Preservation, packaging, packing, labeling and marking. Preservation, packaging, packing, labeling and marking shall be as stated in the contract or order.

Note: When this commercial item description is used for procurement the commercial item certification must appear in the solicitation.
