COMMERCIAL ITEM DESCRIPTION

RESISTOR, VOLTAGE SENSITIVE (VARISTOR, METAL OXIDE), CHIP

The General Services Administration has authorized the use of this commercial item description (CID) for all federal agencies.

1. SCOPE. This CID covers the general requirements for a varistor. The varistor covered by this CID is intended for commercial/industrial applications.

2. CLASSIFICATION. This CID uses a classification system which is included in the Part or Identification Number (PIN) as shown in the following example (see 7.1).

3. SALIENT CHARACTERISTICS

3.1 Design and construction. The varistors supplied to this CID shall be as specified on the applicable CID sheet.

3.2 Termination finish. The termination finish is identified by a single letter in accordance with table I.

TABLE I. Termination finish.

Code letter	Termination finish
C	Platinum/Palladium/Silver (Pt/Pd/Ag)

3.3 Ambient temperature. The ambient temperature shall be -55°C to +125°C.

3.4 Marking. Marking of individual varistors is not required but is permitted; however, each unit pack shall be marked with the manufacturer's standard commercial PIN.

4. REGULATORY REQUIREMENTS. This section is not applicable to this CID.

Beneficial comments, recommendations, additions, deletions, clarifications, etc., and any data which may improve this document should be sent to: Defense Electronics Supply Center, ATTN: DESC-ELDN, 1507 Wilmington Pike, Dayton, OH 45444-5765, or telephone (513) 296-5257, or facsimile (FAX) (513) 296-8868.

AMSC N/A FSC 5905

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

5. QUALITY ASSURANCE PROVISIONS

5.1 Contractor certification. The contractor shall certify and maintain substantiating evidence that the product offered meets the salient characteristics of this CID, and that the product conforms to the producer's own drawings, specifications, standards, and quality assurance practices, and is the same product offered for sale in the commercial marketplace. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

5.2 Certificate of compliance. Each contractor desiring to be listed as a suggested source of supply shall submit a DESC certificate of compliance to DESC-ELDM. This certificate shall state that the contractor's product meets all the requirements of this CID. In addition, a certificate of compliance shall accompany all varistors supplied to this CID.

6. PACKAGING

6.1 Preservation, packing, and marking. Preservation, packing, and marking shall be as specified in the contract or purchase order.

7. NOTES

7.1 PIN. The PIN should be used for Government purposes to buy commercial products to this CID. See 2 for PIN format example.

7.2 Source of documents. This section is not applicable to this CID.

7.3 Government users. To acquire information on obtaining these varistors from the Government inventory system, contact Defense Electronics Supply Center, ATTN: DESC-EOP, 1507 Wilmington Pike, Dayton, OH 45444-5517, or telephone (513) 296-6141.

7.3 Ordering data. The contract or purchase order should specify the following:

a. CID document number, revision, and CID PIN.

b. Quality assurance provisions.

c. If a bid sample is required.

d. Packaging requirements.
