Fed. Std. No. 129
SEPTEMBER 26, 1958
(W–B–30, Issue in Effect)

FEDERAL STANDARD

BALLAST, LAMP, FLUORESCENT

Authority.—*This standard is issued pursuant to the Federal Property and Administrative Services Act of 1949, as amended, and its application to the purchase of commodities referred to herein is mandatory on all Federal agencies.*

S1. Purpose and scope. — This standard establishes limiting dimensions for 40-watt preheat-starting or rapid-starting two-lamp fluorescent lamp ballasts in order to achieve uniformity and to encourage standardization in fixture design to accommodate this size ballast.

S2. Application.—Purchases from commercial sources under Federal Specification W–B–30, of the issue in effect on date of invitation for bids, shall be limited to items which have dimensions as specified herein. Existing Government stocks of items of other dimensions shall continue to be utilized until exhausted. In those cases where this Federal Standard eliminates supply items and the items so eliminated are under contract, if the contract cannot be negotiated or amended to conform to the standard items, the Federal Standard becomes mandatory at the contract expiration date.

S3. Standard characteristics and item identification.—The standard item with its Federal Stock number shall conform to the characteristics listed below:

S4. Changes.—When a Federal agency considers that this standard does not provide for its essential needs, written request for changing or adding to the standard, supported by adequate justification, shall be sent in duplicate, to General Services Administration, Federal Supply Service, Standardization Division, Washington 25, D. C. This justification will explain wherein the standard does not provide for essential needs. The Administration will determine the appropriate action to be taken and will notify the agency.

S5. Conflict with referenced specifications.—Where the requirements stated in this standard conflict with any requirements in a referenced specification, the requirements of the standard shall apply. Nature of conflict between the standard and the referenced specification, shall be submitted in duplicate to General Services Administration, Federal Supply Service, Standardization Division, Washington 25, D. C.

Federal Stock Number	*Size (lamp watts)*	*Maximum dimensions (inches)*
		Height by width by length
6250–224–8722	40	$2\frac{5}{8}$ x $3\frac{5}{16}$ x $9\frac{5}{8}$
