Fed. Std. No. 50H
March 31, 1976
(W-F-101, Issue in Effect)
SUPERSEDING
Fed. Std. No. 50G
February 15, 1973

FEDERAL STANDARD

FAN, CIRCULATING, BRACKET AND FAN CIRCULATING, DESK (RIGID BLADES)

This standard was approved by the Commissioner, Federal Supply Service, General Services Administration, for the use of all Federal agencies.

S1. Purpose and scope. This standard establishes sizes for desk and bracket-type fans with one type of guard and a high velocity; multipurpose type fan as the standard sizes for the use of all Federal agencies, to achieve the highest degree of standardization.

S2. Application. Purchases from commerical sources under Federal Specification W-F-101, of the issue in effect on the date of invitation for bids, shall be limited to items which have characteristics conforming to the standard items specified herein. Existing Government stocks of items with other characteristics shall continue to be utilized until exhausted. In those cases where this Federal Standard eliminates supply items and the items so eliminated are under contract, if the contract cannot be negotiated or amended to conform to the standard items, the Federal Standard becomes mandatory at the contract expiration date.

S3. Standard characteristics and item identification. The items described in the following Federal Stock Numbers are the standard desk and bracket-type and the high velocity, multipurpose type fans covered by this Federal Standard:

NSN 4140-00-238-5158 - 12-inch blade; safety guard.
NSN 4140-00-851-9319 - 16-inch blade; safety guard.
NSN 4140-00-961-5480 - High velocity, multipurpose.

S4. Changes. Recommendations for addition or deletion of items must be supported by detail justification and submitted in duplicate to the General Services Administration, Federal Supply Service, Mechanical and Electrical Division, Washington, DC 20406. After evaluation, the initiator will be notified of the action taken.

S5. Conflict with referenced specifications. Where the requirements specified in this standard conflict with any requirements in a referenced specification, the requirements of the standard shall apply. Nature of the conflict between the standard and the referenced specification shall be submitted, in duplicate, to General Services Administration, Federal Supply Service, Mechanical and Electrical Division, Washington, DC 20406.

This document is available from the General Services Administration (GSA), acting as an agent for the Superintendent of Document. A copy for bidding and contracting purposes is available from GSA Business Service Centers. Copies are for sale at the GSA, Specification Sales, Building 197 (Washington Navy Yard), Washington, DC 20407 for 25 cents each.
