SUPERSEDING
Fed. Std. No. 62
August 5, 1954

FEDERAL STANDARD

APRON, FOOD HANDLER'S

Authority. — *This standard is issued pursuant to the Federal Property and Administrative Services Act of 1949, as amended, and its application to the purchase of commodities referred to herein is mandatory on all Federal agencies.*

S1. Purpose and scope. — This standard covering food handler's aprons establishes one kind of fabric; one color and one size under type I, and one color and three sizes under type II, and adopts them as standard for use of all Federal agencies to achieve the highest practical degree of standardization.

S2. Application.—Purchases from commercial sources of food handler's aprons under Federal Specification DDD–A–616, of the issue in effect on date of invitation for bids, shall be limited to items which have charartteristics conforming to the standard items specified herein. Existing Government stocks of items with other characteristics shall continue to be utilized until exhausted. In those cases where this Federal Standard eliminates supply items and the items as eliminated are under contract, if the contract cannot be negotiated or amended to conform to the standard items, the Federal Standard becomes mandatory at the contract expiration date.

S3. Standard characteristics and item identification. — The food handler's aprons described by the following Federal Stock Numbers shall conform to the following characteristics:

FSN 8415–255–8577—Apron, food handler's, type I, one piece with attached neckband and tie tapes, white; drill, 6.5 ozs. per sq. yd; size 1, 46 inches long by 36 inches wide.

does not provide for essential needs. The request shall be sent in duplicate, to the General Services Administration, Federal Supply Service, Standardization Division, Washington 25, D. C. The Administration will determine the appropriate action to be taken and will notify the agency.

S5. Conflict with referenced specification.—Where the requirements specified in this standard conflict with any requirement in a referenced specification, the requirements of the standard shall apply. Nature of conflict between the standard and the referenced specification shall be submitted in duplicate to the General Services Administration, Federal Supply Service, Standardization Division, Washington 25, D. C.
