MILITARY SPECIFICATION

SPECIFICATIONS, TYPES AND FORMS; MILITARY (OS) SERIES

This amendment forms a part of Military Specification MIL-S-83490/2(OS), dated 18 June 1974.

By this amendment, Specification MIL-S-83490/2(OS) is changed throughout to read "Naval Sea Systems Command" in lieu of "Naval Ordnance Systems Command", and "NAVSEA" or "NAVSEASYSCOM" in lieu of "NAVORD" or "NAVORDSYSCOM", respectively.

6.3 Add the following sentence: "For the purpose of this specification, the following additional definitions shall apply.

6.3 Add the following new subparagraphs:

"6.3.1 Application. The orderly process of reviewing and selecting from the total realm of available specifications and standards those that are considered to have application to the particular development or procurement program and contractually invoking these wholly, or in part, at the most advantageous point in the equipment, weapon or weapon system cycle.

6.3.2 Tailoring. The process by which the individual requirements (sections, paragraphs or sentences) of the selected specifications and standards are evaluated to determine the extent to which each requirement is most suitable for a specific application and the modification of these requirements, where necessary, to assure that each tailored document invoked states only the minimum needs of the Government."
