COMMERCIAL ITEM DESCRIPTION

DISPLAY CASE, NONREFRIGERATED, BAKERY, COUNTER AND UPRIGHT TYPE

The General Services Administration has authorized the use of this commercial item description.

Salient characteristics.

Classification. The display cases covered by this commercial item description shall be of the following types as specified in the contract or order:

Type I: Counter type
Type II: Upright type

Type I display cases. The Type I display case shall have anodized aluminum or stainless steel framed, clear tempered double glass panels in the front, ends, and top. The rear shall be provided with sliding mirror doors on rollers. The Type I display case shall have a minimum holding capacity of 16 bun pans, each measuring 18 inches by 26 inches. Three adjustable epoxy coated wire shelves shall be provided. The Type I display case shall be provided with Underwriters Laboratories (UL) approved fluorescent light fixtures with safety shields at top of display case and under each shelf and an on-off switch. All lights, shelves, and supports shall be completely removeable for cleaning. The dimensions of the Type I display case shall be not greater than 77 inches in length, 36 inches in width, and 50 inches in height.

Type II display cases. The Type II display case shall have a display area, a bag bin area, and a storage area. The end and rear panels of the Type II display case shall be solid. The front of the display area shall have anodized aluminum or stainless steel framed tempered glass sliding doors with rollers. The display area shall have a minimum holding capacity of 10 bun pans, each measuring 18 inches by 26 inches, provided by a minimum of four adjustable epoxy coated wire shelves. The display area shall be provided with UL approved side vertical fluorescent light fixtures with safety shields and an on-off switch. When specified in the contract or order, UL approved fluorescent light fixtures with safety shields shall be provided under each shelf. All undershelf lights, shelves, and support shall be completely removeable
