COMMERCIAL ITEM DESCRIPTION

SAW, CIRCULAR, PORTABLE, ELECTRIC, MEAT CUTTING, 8-INCH BLADE

The General Services Administration has authorized the use of this commercial item description.

This commercial item description covers a heavy duty, electrically operated hand saw for fast, continuous, and accurate sawing of beef hind quarters, fore quarters, chucks, breast plates, and rib bones.

Salient characteristics.

The saw shall be powered by not less than a 1 horsepower, heavy duty, totally enclosed waterproof electric motor. The saw shall be provided with a circular saw blade 8 inches in diameter and with 8 teeth per inch. The saw shall be provided with a guard to provide protection from the top rear portion of the blade. The blade shall have a cutting depth of not less than 2 1/4 inches. The saw shall have "D" shaped side and rear handles. The rear handle shall have an enclosed waterproof safety trigger switch. The top of the saw body shall have an attached swivel type suspension hanger for attachment to a counter balancer. The net weight of the saw shall not be greater than 38 pounds. The dimensions of the saw shall be not greater than 22 inches in length, 10 inches in width, and 10 inches in height.

Electrical characteristics. Unless otherwise specified in the contract or order, the saw shall be designed to operate on 208 Volts, 60 Hertz, 3-phase electrical power.

Regulatory requirements. The offeror/contractor is encouraged to use recovered materials in accordance with Public Law 94-580 to the maximum extent possible. The saw shall comply with the requirements of MPI-2, Accepted Meat and Poultry Equipment of the Department of Agriculture and the safety requirements of Underwriters' Laboratories Standard Number 73 for motor-operated appliances.

Preservation, packaging, packing, labeling, and marking. The preservation, packaging, packing, labeling, and marking shall be as specified in the contract or order.

Notes. Purchaser should specify the following:

a. Electrical characteristics, if other than as specified.
b. Preservation, packaging, packing, labeling, and marking required.

FSC 7320
