FEDERAL SPECIFICATION

ARTICHOKES, FRESH, GLOBE TYPE

This specification was approved by the Commissioner, Federal Supply Service, General Services Administration, for the use of all Federal agencies.

1. CLASSIFICATION

1.1 Globe artichokes shall be of the following grades, as specified (see 6.1):

No. 1 (see 3.2.1).

No. 2 (see 3.2.2).

2. APPLICABLE SPECIFICATIONS, STANDARDS, AND OTHER PUBLICATIONS

2.1 Specifications and standards. The following specifications and standards, of the issues in effect on date of invitation for bids, form a part of this specification.

Federal Standards:

Fed. Std. No. 102—Preservation, Packaging and Packing Levels.

Fed. Std. No. 123—Marking for Domestic Shipment (Civilian Agencies).

(Activities outside the Federal Government may obtain copies of Federal Specifications, Standards, and Handbooks as outlined under General Information in the Index of Federal Specifications, Standards, and Handbooks, and at the prices indicated in the Index. The Index, which includes cumulative monthly supplements as issued, is for sale on a subscription basis by the Superintendent of Documents, U. S. Government Printing Office, Washington 25, D. C.

(Single copies of this specification and other product specifications required by activities outside the Federal Government for bidding purposes are available without charge at the General Services Administration Regional Offices in Boston, New York, Atlanta, Chicago, Kansas City, Mo., Dallas, Denver, San Francisco, Los Angeles, Seattle, and Washington, D. C.

(Federal Government activities may obtain copies of Federal Specifications, Standards, and Handbooks and the Index of Federal Specifications, Standards, and Handbooks from established distribution points in their agencies.)

Military Standards:

MIL–STD–129—Marking for Shipment and Storage.

(Copies of Military Specifications and Standards required by contractors in connection with specific procurement functions, should be obtained from the procuring activity or as directed by the contracting officer.)

2.2 Other publications. The following publications form a part of this specification. Unless otherwise indicated, the issues in effect on date of invitation for bids shall apply.

Governmental:

Federal Food, Drug, and Cosmetic Act and General Regulations for Its Enforcement.

(Copies of the Federal Food, Drug, and Cosmetic Act and General Regulations for Its Enforcement may be obtained upon application, accompanied by money order, coupon, or cash to the Superintendent of Documents, Government Printing Office, Washington 25, D. C. Prices may be obtained from the Superintendent of Documents.)

United States Standards for Globe Artichokes.

(Single copies of the United States Standards for Globe Artichokes may be obtained without charge from the U. S. Department of Agriculture, Washington 25, D. C.)

Nongovernmental:

Official Methods of Analysis of the Association of Official Agricultural Chemists.

(Official Methods of Analysis of the Association of Official Agricultural Chemists is published by the Association of Official Agricultural Chemists, P. O. Box 540, Benjamin Franklin Station, Washington 4, D. C.)

3. REQUIREMENTS

3.1 Federal Food, Drug, and Cosmetic Act. All deliveries shall comply in every respect to the provisions of the Federal Food, Drug, and Cosmetic Act and regulations promulgated thereunder.

3.2 Description of grades. Unless otherwise specified, the interpretation of requirements (descriptive terms) contained in 3.2.1 and 3.2.2, inclusive, shall be in accordance with the United States Standards for Globe Artichokes in effect on date of invitation for bids.

3.2.1 *No. 1.* No. 1 shall consist of artichokes which are properly trimmed, fairly well formed, fairly compact, not overdeveloped; and which are free from decay and are free from damage caused by worms, snails, bruising, freezing, disease, insects or other means. *Tolerances:* Not more than 10 percent, by count, of any lot may be below the requirements of this grade but no part of this tolerance shall be allowed for decay. The size of the artichokes in any package shall be plainly stamped or otherwise marked on the package in terms of numerical count or minimum size. Not more than 5 percent, by count, of the artichokes in any package may be below the specified minimum size, or may vary from the ¾ inch range in diameter permitted in any package.

3.2.2 *No. 2.* No. 2 shall consist of artichokes which are not badly spread or overdeveloped; and which are free from decay and are free from serious damage caused by worms, bruising, freezing, disease, insects or other means. *Tolerances:* Not more than 10 percent, by count, of any lot may be below the requirements of this grade but no part of this tolerance shall be allowed for decay. The size of the artichokes in any package shall be plainly stamped or otherwise marked on the package in terms of numerical count or minimum size. Not more than 5 percent, by count, of the artichokes in any package may be below the specified minimum size, or may vary from the ¾-inch range in diameter permitted in any package.

4. SAMPLING, INSPECTION, AND TEST PROCEDURES

4.1 Sampling. Samples of globe artichokes offered under this specification may be selected by the Government, examined, and tested at any time to determine if they are in accordance with the requirements of this specification.

4.2 Inspection.

4.2.1 *General.* Inspection shall be made by the procuring agency or a duy authorized representative, at the time and place designated by the procuring agency. It may be made at the packing house, both during and after packing, at any suitable point in transit and/or after delivery to the point of destination. If inspection is made during the time of packing, the passing as satisfactory of any detail of packing or materials shall not relieve the contractor of responsibility for faulty workmanship or materials which may be discovered at any time prior to final acceptance.

4.2.2 *Final inspection.* Unless otherwise specified, final inspection shall be made after delivery to the point of destination (see 6.3 and 6.4).

4.2.3 *USDA certificate of quality and condition.* When specified by the procuring agency the contractor shall furnish a U. S. Department of Agriculture, Federal or Federal-State certificate of quality and condition as outlined in procurement documents.

4.2.4 *For military agencies.* The supplier is responsible for the performance of all inspection

Check the source to verify that this is the current version before use.

requirements herein. Except as otherwise specified, the supplier may utilize his own or any other inspection facilities and services acceptable to the Government. Inspection records of the examination and tests shall be kept complete and available to the Government as specified in the contract or order. The Government reserves the right to perform any of the inspections set forth in the specification where such inspections are deemed necessary to assure supplies and services conform to prescribed requirements.

4.3 Tests.

4.3.1 *Chemical analyses.* Unless otherwise specified, chemical analyses, if required by the purchaser, shall be made in accordance with the methods of the Association of Official Agricultural Chemists in effect on the date of invitation for bids, or in accordance with methods that give equivalent results.

5. PREPARATION FOR DELIVERY

For civil agency procurement the definitions and applications of the levels of packaging and packing shall be in accordance with Federal Standard No. 102.

5.1 Packaging, level C. Unless otherwise specified, commercial packaging is acceptable.

5.2 Packing, level C. Unless otherwise specified, globe artichokes shall be packed in commercial crates which shall be clean, sound, well filled, and securely covered, and so constructed as to insure acceptance and safe delivery by common carriers for safe transportation to the point of destination specified in shipping instructions at lowest transportation rate for such supplies. Each container shall be packed so that the globe artichokes in the shown face shall be reasonably representative in size, color, and quality of the contents of the container. Incident to packing, as herein defined, not more than 5 percent of the units may fail to meet the foregoing requirements: Provided, that no individual requirement shall be deliberately disregarded.

5.3 Labeling and marking.

5.3.1 *Civil agencies.*

5.3.1.1 *Labeling.* Any commercial labeling or additional labeling, as specified, that complies with the Federal Food, Drug and Cosmetic Act, and regulations promulgated thereunder, is acceptable.

5.3.1.2 *Marking for shipment.* Shipping containers shall be marked in accordance with the requirements of Federal Standard No. 123, and such other information as specified by individual agencies.

5.3.2 *Military agencies.*

5.3.2.1 *Labeling.* Labeling in accordance with 5.3.1.1 will be acceptable.

5.3.2.2 *Marking of shipping containers.* Shipping containers shall be marked in accordance with Military Standard MIL–STD–129 when so specified by the procuring activity.

6. NOTES

6.1 Ordering data. Procurement documents should specify the following:

(*a*) The grade of product desired (see 1.1).

(*b*) The type of packing if other than crates specified (see 5.2).

6.2 Bid samples. If samples with bids are necessary, they should be specifically asked for in the invitation for bids, and the particular purpose to be served by the bid sample should be definitely stated, the specification to apply in all other respects.

6.3 Contractor's inspection. The contractor should be required to assure that the product conforms with the specification prior to submission to the Government for final inspection.

6.4 Destination inspection. When the finished product has been inspected and passed at point other than destination, the contract should

Check the source to verify that this is the current version before use.

require that the product be inspected at destination for condition and quantity only.

6.5 Transportation description. Transportation descriptions and minimum weights applicable to this commodity are:

Rail:

Artichoke tubers.
Carload minimum weight 24,000 pounds.

Motor:

Artichoke tubers.
Motor volume minimum weight 24,000 pounds.

Notice. When Government drawings, specifications, or other data are used for any purpose other than in connection with a definitely related Government procurement operation, the United States Government thereby incurs no responsibility nor any obligation whatsoever; and the fact that the Government may have formulated, furnished, or in any way supplied the said drawings, specifications, or other data is not to be regarded by implication or otherwise as in any manner licensing the holder or any other person or corporation, or conveying any rights or permission to manufacture, use, or sell any patented invention that may in any way be related thereto.
