FEDERAL SPECIFICATION

GREENS, MUSTARD, FRESH AND GREENS, TURNIP, FRESH

This specification was approved by the Commissioner, Federal Supply Service, General Services Administration, for the use of all Federal agencies.

1. CLASSIFICATION

1.1 Types. Types shall be either mustard greens or turnips greens consisting of plants (crown or root attached), or cut leaves, as specified (see 6.1).

1.2 Grade. Greens shall be of No. 1 grade (see 3.2.1).

2. APPLICABLE SPECIFICATIONS, STANDARDS, AND OTHER PUBLICATIONS

2.1 Specifications and standards. The following specifications and standards, of the issues in effect on date of invitation for bids, form a part of this specification.

Federal Standards:

Fed. Std. No. 102—Preservation, Packaging and Packing Levels.
Fed. Std. No. 123—Marking for Domestic Shipment (Civilian Agencies).

(Activities outside the Federal Government may obtain copies of Federal Specifications, Standards and Handbooks as outlined under General Information in the Index of Federal Specifications, Standards and Handbooks and at the prices indicated in the Index. The Index, which includes cumulative monthly supplements as issued, is for sale on a subscription basis by the Superintendent of Documents, U. S. Government Printing Office, Washington 25, D. C.

(Single copies of this specification and other product specifications required by activities outside the Federal Government for bidding purposes are available without charge at the General Services Administration Regional Offices in Boston, New York, Washington, D. C., Atlanta, Chicago, Kansas City, Mo., Dallas, Denver, San Francisco, and Auburn, Wash.

(Federal Government activities may obtain copies of Federal Specifications, Standards and Handbooks and the Index of Federal Specifications, Standards and Handbooks from established distribution points in their agencies).

Military Standard:

MIL-STD-129—Marking for Shipment and Storage.

(Copies of Military Specifications and Standards, required by contractors in connection with specific procurement functions, should be obtained from the procuring activity or as directed by the contracting officer.)

2.2 Other publications. The following documents form a part of this specification. Unless otherwise indicated, the issues in effect on date of invitation for bids shall apply.

Federal Food, Drug, and Cosmetic Act and General Regulations for Its Enforcement.

(Copies of the Federal Food, Drug, and Cosmetic Act and General Regulations for Its Enforcement may be obtained upon application, accompanied by money order, coupon, or cash to the Superintendent of Documents, U. S. Government Printing Office, Washington 25, D. C. Prices may be obtained from the Superintendent of Documents.)

United States Standards for Mustard Greens and Turnip Greens.

(Single copies of the United States Standards for Mustard Greens and Turnip Greens may be obtained without charge from the U. S. Department of Agriculture, Washington 25, D. C.)

Official Methods of Analysis of the Association of Official Agricultural Chemists.

(Official Methods of Analysis of the Association of Official Agricultural Chemists is published by the Association of Official Agricultural Chemists, P. O. Box 540, Benjamin Franklin Station, Washington 4, D. C.)

3. REQUIREMENTS

3.1 Federal Food, Drug and Cosmetic Act. All deliveries shall comply to every respect to the provisions of the Federal Food, Drug and Cosmetic Act and regulations promulgated thereunder.

3.2 Description of grades. Unless otherwise specified, the interpretation of requirements (descriptive terms) contained in 3.2.1 shall be in accordance with the United States Standards for Mustard Greens and Turnip Greens in effect on date of invitation for bids.

3.2.1 *No. 1 grade.* No 1 grade consists of mustard greens or turnip greens of similar varietal characteristics which are fresh, fairly tender, fairly clean, and which are free from decay and from damage. In the case of turnip greens with roots attached, the roots shall be firm and free from damage by any cause and, unless otherwise specified, the maximum diameter of the root shall be 1-1/2 inches.

3.2.1.1 *Tolerances:*

1. *Tolerance for defects.* Other than for size of roots and mixtures of plants and leaves, not more than a total of 10 percent, by weight, of the units in any lot may fail to meet the requirements of the grade: Provided, that not more than one-half of this amount, or 5 percent, shall be allowed for serious damage by any cause, and including therein not more than 2 percent for decay.

2. *Tolerance for mixture of cut leaves and plants.* Not more than 5 percent by weight, of the mustard or turnip greens may consist of cut leaves in a lot consisting of plants, or of plants in a lot consisting of cut leaves.

3. *Tolerance for size.* Turnip greens with roots attached shall have not more than 10 percent, by weight, of roots which are larger than the specified maximum size.

The contents of the individual containers in the lot, based on sample inspection, are subject to the following limitations: Provided, that the averages for the entire lot are within the tolerances specified.

When a tolerance is 10 percent or more, individual containers in any lot shall have not more than one and one-half times the tolerance specified.

When a tolerance is less than 10 percent, individual containers in any lot shall have not more than double the tolerance specified.

Percentages shall be calculated on the basis of weight or an equivalent basis. When mustard greens or turnip greens are packed as plants, each plant shall be considered a unit. When packed as cut leaves, the individual leaf shall be considered as a unit.

4. SAMPLING, INSPECTION, AND TEST PROCEDURES

4.1 Sampling. Samples of greens offered under this specification may be selected by the Government inspector, examined, and tested at any time to determine if they are in accordance with the requirements of this specification.

Check the source to verify that this is the current version before use.

4.2 Inspection.

4.2.1 *General.* Inspection shall be made by the procuring agency or a duly authorized representative, at the time and place designated by the procuring agency. It may be made at the packing house, both during and after packing, at any suitable point in transit and/or after delivery to the point of destination. If inspection is made during the time of packing, the passing as satisfactory of any detail of packing or materials shall not relieve the contractor of responsibility for faulty workmanship or materials which may be discovered at any time prior to final acceptance.

4.2.2 *Final inspection.* Unless otherwise specified, final inspection shall be made after delivery to the point of destination (see 6.3 and 6.4).

4.2.3 *USDA certificate of quality and condition.* When specified by the procuring agency the contractor shall furnish a U. S. Department of Agriculture, Federal or Federal-State certificate of quality and condition as outlined in procurement documents.

4.2.4 *Responsibility for inspection.* The supplier is responsible for meeting all the provisions of the specification prior to submission of supplies to the Government for acceptance. Unless otherwise specified in the contract or order, the supplier is required to furnish an official inspection certificate issued by a Federal agency certifying that the grade of the product supplied is required by the contract or order.

4.2.4.1 Inspection records of the examination and tests shall be complete and made available to the Government as specified in the contract or order. The Government reserves the right to perform any of the inspections set forth in the specification where such inspections are deemed necessary to assure that supplies and services conform to prescribed requirements.

4.3 Tests.

4.3.1 *Chemical analyses.* Unless otherwise specified, chemical analyses, if required by the purchaser, shall be made in accordance with the methods of the Association of Official Agricultural Chemists in effect on the date of invitation for bids, or in accordance with methods that give equivalent results.

5. PREPARATION FOR DELIVERY

For civil agency procurements the definitions and applications of the levels of packaging and packing shall be in accordance with Fed. Std. No. 102.

5.1 Packaging, level C. Unless otherwise specified, commercial packaging is acceptable.

5.2 Packing, level C. Unless otherwise specified, greens shall be packed in commercial crates, baskets, hampers, or cartons which shall be clean, sound, well filled, securely covered, and so constructed as to insure acceptance and safe delivery by common carriers for safe transportation to the point of destination specified in shipping instructions at lowest transportation rate for such supplies. Each container shall be packed so that the greens in the shown face shall be reasonably representative in type, color and quality of the contents of the container. Incident to packing, as herein defined, not more than 5 percent of the units may fail to meet the foregoing requirements: Provided, That no individual requirement shall be deliberately disregarded.

5.3 Labeling and marking.

5.3.1 *Civil agencies.*

5.3.1.1 *Labeling.* Any commercial labeling or additional labeling, as specified, that complies with the Federal Food, Drug and Cosmetic Act, and regulations promulgated thereunder, is acceptable.

5.3.1.2 *Marking for shipment.* Shipping containers shall be market in accordance with the requirements of Fed. Std. No. 123,

and such other information as specified by individual agencies.

5.3.2 *Military agencies.*

5.3.2.1 *Labeling.* Labeling in accordance with 5.3.1.1 will be acceptable.

5.3.2.2 *Marking of shipping containers.* Shipping containers shall be marked in accordance with MIL-STD-129.

6. NOTES

6.1 **Ordering data.** Procurement documents should specify the following:

(a) The type of greens required, and whether plants or cut leaves are required (see 1.1).

6.2 If samples with bids are necessary, they should be specifically asked for in the invitation for bids, and the particular purpose to be served by the bid sample should be definitely stated, the specification to apply in all other respects.

6.3 **Contractor's inspection.** The contractor should be required to assure that the product conforms with the specification prior to submission to the Government for final inspection.

6.4 **Destination inspection.** When the finished product has been inspected and passed at point other than destination, the contract should require that the product be inspected at destination for condition and quantity only.

6.5 **Transportation description.** Transportation descriptions and minimum weights applicable to this commodity are:

Rail:

Vegetables, fresh, not otherwise indexed by name other than cold-pack.
Carload minimum weight 20,000 pounds.

Motor:

Vegetables, fresh, not otherwise indexed, other than cold-pack.
Motor volume minimum weight 20,000 pounds.

Notice.—When Government drawings, specifications, or other data are used for any purpose other ment procurement operation, the United States Government thereby incurs no responsibility, nor any obligation whatsoever; and the fact that the Government may have formulated, furnished, or in any way supplied the said drawings, specifications, or other data, is not to be regarded by implication or otherwise, as in any manner licensing the holder or any other person or corporation, or conveying any rights or permission to manufacture, use, or sell any patented invention that may in any way be related thereto.
