FEDERAL SPECIFICATION

MUSHROOMS, FRESH

This specification was approved by the Commissioner, Federal Supply Service, General Services Administration, for the use of all Federal agencies.

1. SCOPE AND CLASSIFICATION

1.1 Scope. This specification covers the requirements for fresh mushrooms for use by all Federal agencies.

1.2 Classification.

1.2.1 Grades. Mushrooms shall be of the following grades in accordance with the current applicable publication of the United States Standards for Grades of Mushrooms, as specified (see 6.1).

U.S. No. 1
U.S. No. 2

1.2.2 Sizes. Unless otherwise specified, mushrooms shall be of the following sizes in accordance with the current applicable publication of the U.S. Standards for Grades of Mushrooms, as specified (see 6.1).

Small to Medium - Up to 1-5/8 inches in diameter.
Large - Over 1-5/8 inches in diameter.

1.2.3. Color, (as specified, see 6.1):

White variety.
Brown variety.

2. APPLICABLE DOCUMENTS

2.1 Specifications and standards. The following standard, of the issues in effect on date of invitation for bids or request for proposal, form a part of this specification to the extent specified herein.

Military Standards:

MIL-STD-668 - Sanitary Standards for Food Plants.

(Copies of Military Standards required by suppliers in connection with specific procurement functions should be obtained from the procuring activity or as directed by the contracting officer.)

2.2 Other publications. The following documents form a part of this specification to the extent specified herein. Unless otherwise indicated, the issue in effect on date of invitation for bids or request for proposal shall apply:

FEDERAL FOOD, DRUG AND COSMETIC ACT AND REGULATIONS PROMULGATED THEREUNDER.

(Copies may be obtained upon application, accompanied by postal note or money order, coupon or cash; to the Superintendent of Documents, U. S. Government Printing Office, Washington, D. C. 20402. Prices may be obtained from the Superintendent of Documents.)

UNITED STATES STANDARDS FOR GRADES OF MUSHROOMS.

(Copies may be obtained from the Information Division, Consumer and Marketing Service, U. S. Department of Agriculture, Washington, D.C. 20250.)

UNIFORM CLASSIFICATION COMMITTEE

Uniform Freight Classification.

(Application for copies of Freight Container Tariffs 1 and 4 should be addressed to the Uniform Classification Committee, 202 Union Station, Chicago, Illinois 60606.)

NATIONAL MOTOR FREIGHT TRAFFIC ASSOCIATION, INC.

National Motor Freight Classification.

(Application for copies should be addressed to the American Trucking Association, Attn: Tariff Order Section, 1616 P Street N.W., Washington, D.C. 20036.)

3. REQUIREMENTS.

3.1 Mushrooms. Mushrooms shall be of the Agaricus Campestris species and shall have a typical mushroom odor and flavor.

3.2 Description of grades and sizes. The interpretation of grades and sizes shall be in accordance with the United States Standards for Grades of Mushrooms in effect on date of invitation for bids.

Check the source to verify that this is the current version before use.

3.3 Workmanship. The product shall be prepared, processed and packaged under modern sanitary conditions and in accordance with good commercial practice. For Military agencies the product shall be processed in establishments meeting the requirements of MIL-STD-668.

3.3.1 For civil agencies. The plant, grounds building, equipment, packing materials, personnel practices, sanitary conditions, and practices used in the production of the product shall be such as to minimize the possibility of contamination of the product through microbial growth, dust, pests, excreta, or other foreign matter. Each product shall be processed with a minimum of delay between various steps of production. The product shall be packaged under modern sanitary conditions.

3.4 Storage and delivery. After packaging, the mushrooms shall be held at temperatures above freezing but not exceeding 40°F. during storage and delivery.

4. QUALITY ASSURANCE PROVISIONS

4.1 Sampling. Samples of the finished products covered by this specification and samples of any materials, components or constituents entering into the preparation of the finished products may be taken at any time by the Government inspector to determine compliance with the requirements.

4.2 Inspection.

4.2.1 General. Inspection shall be made by the procuring agency or a duly authorized representative, at the time and place designated by the procuring agency. It may be made at the site of manufacture, both during and after processing, at any suitable point in transit, or after delivery to the point of destination.

4.2.2. Final inspection. Unless otherwise specified, final inspection shall be made after delivery to the point of destination.

4.2.3 Responsiblility for inspection. Unless otherwise specified in the contract or purchase order, the supplier is responsible for meeting all provisions of the specification prior to submission of supplies to the Government for acceptance. Unless otherwise specified in the contract or order, the supplier is required to furnish an official inspection certificate issued by the U.S. Department of Agriculture certifying that the grade of the product supplied is as required by the contract or order.

4.2.3.1 Inspection records of the examination and tests shall be complete and made available to the Government as specified in the contract or order. The Government reserves the right to perform any of the inspections set forth in the specification where such inspections are deemed necessary to assure that supplies and services conform to prescribed requirements.

4.3 Preacceptance inspection (plant sanitation) for military agencies. Product shall be rejected if produced in plants not meeting the requirements of MIL-STD-668

4.3.1 Examination of end item. Examination of end item shall be in accordance with 4.3.1.1 and 4.3 1.2.

4.3 1.1 Examination of storage and delivery temperature. Examination of storage and delivery temperature of packaged mushrooms shall be made to determine conformance with the requirements of 3.4. Nonconformance with the temperature requirement shall be cause for rejection of the involved product.

4.3.1.2 Examination of packaging net weight or volume, packing, labeling and marking. Nonconformance to section 5 shall be cause for rejection of the lot.

4.3.2 Standby test samples. The Government reserves the right to withdraw and hold standby test samples of components or finished product or both (quantity of which shall be not more than twice that required by this specification) for inspection purposes. Samples not used will be returned to the supplier.

4.4 Tests. Not applicable.

5. PREPARATION FOR DELIVERY

5.1 Packaging,(variety) level C. As specified (see 6.1), 5, 6, 7, or 8 ounces or 1 pound of mushrooms of the grade size and color (variety) specified, shall be packaged into window or plain cartons or open work plastic baskets to afford protection against deterioration and damage during shipment from the supply source to the first receiving activity.

5.2 Packing, level C. The product shall be packed in accordance with 5.2.1 or 5.2.2, as applicable.

5.2.1 Mushrooms, packaged as specified in 5.1, shall be packed in a manner to insure carrier acceptance and safe delivery at the lowest

transportation rates for such supplies. The shipping container shall be in accordance with the Uniform Freight Classification or National Motor Freight Classification, as applicable.

5.2.2 Alternatively, 4 quarts or 12 quarts of mushrooms of the grade size and color (variety) specified shall be packed directly into a Climax basket in accordance with Freight Container Tariff 1 or 4, as applicable.

5.3 Labeling and marking.

5.3.1 Labeling. Individual cartons and plastic baskets of mushrooms shall be labeled in accordance with the Federal Food, Drug, and Cosmetic Act and Regulations Promulgated Thereunder.

5.3.2 Marking of shipping containers. Shipping containers shall be marked as specified (see 6.1).

6. NOTES

6.1 Ordering data. Purchasers should select the preferred options permitted herein and include the following information in the procurement documents.

(a) Title, number and date of this specification.
(b) Grade, size and color of product required (see 1.2.1, 1.2.2, and 1.2.3).
(c) Weight or volume per package of product required (see 5.1 and 5.2.2).
(d) Marking required for shipping containers (see 5.3.2).
