FEDERAL SPECIFICATION

ONIONS, DRY (FRESH, BERMUDA-GRANEX-GRANO TYPE)

This specification was approved by the Commissioner, Federal Supply Service, General Services Administration, for the use of all Federal agencies.

1. SCOPE AND CLASSIFICATION

1.1 Scope. This specification covers the requirements for fresh Bermuda-Granex-Grano type onions for use by all Federal agencies.

1.2 Classification.

1.2.1 *Size.* Onions shall be of the minimum diameter, or range in diameter; or in accordance with size classifications provided in the current United States Standards for Grades of Bermuda-Granex-Grano Type Onions, as specified (see 6.1).

1.2.2 *Grades.* Onions shall be of the following grades in accordance with the current U.S. Standards for Grades of Bermuda-Granex-Grano Type Onions, as specified (see 6.1):

U. S. No. 1.
U. S. Combination.
U. S. No. 2.

2. APPLICABLE DOCUMENTS

2.1 Specifications and standards. The following specifications and standards, of the issues in effect on date of invitation for bids or request for proposal, form a part of this specification to the extent specified herein:

Federal Specification:

PPP-F-685—Fresh Fruits and Vegetables; Packaging, Packing, and Marking of.

(Activities outside the Federal Government may obtain copies of Federal Specifications, Standards, and Handbooks as outlined under General Information in the Index of Federal Specifications and Standards and at the prices indicated in the Index. The Index, which includes cumulative monthly supplements as issued, is for sale on a subscription basis by the Superintendent of Documents, U. S. Government Printing Office, Washington, D. C. 20402.

(Single copies of this specification and other product specifications required by activities outside the Federal Government for bidding purposes are available without charge at the General Services Administration Regional Offices in Boston, New York, Washington, D. C., Atlanta, Chicago, Kansas City, Mo., Dallas, Denver, San Francisco, Los Angeles, and Seattle, Wash.

(Federal Government activities may obtain copies of Federal Specifications, Standards, and Handbooks and the Index of Federal Specifications and Standards from established distribution points in their agencies.)

2.2 Other publications. The following documents form a part of this specification to the extent specified herein. Unless otherwise indicated, the issue in effect on date of invitation for bids or request for proposal shall apply:

Governmental:

United States Standards for Grades of Bermuda-Granex-Grano Type Onions.

(Single copies may be obtained, without charge, from the U. S. Department of Agriculture, Washington, D.C., 20250.)

Federal Food, Drug, and Cosmetic Act and Regulations Promulgated Thereunder.

(Copies may be obtained upon application, accompanied by money order, coupon, or cash to the Superintendent of Documents, U.S. Government Printing

Office, Washington, D.C., 20402. Prices may be obtained from the Superintendent of Documents.)

Nongovernmental:

Official Methods of Analysis of the Association of Official Agricultural Chemists.

(Copies are published by the Association of Official Analytical Chemists, P. O. Box 540, Benjamin Franklin Station, Washington, D.C., 20044.)

3. REQUIREMENTS

3.1 Federal Food, Drug, and Cosmetic Act. All deliveries shall comply in every respect to the provisions of the Federal Food, Drug, and Cosmetic Act and Regulations Promulgated Thereunder.

3.2 Description of grades. Unless otherwise specified, the interpretation of grades and requirements as to size shall be in accordance with the United States Standards for Grades of Bermuda-Granex-Grano Type Onions in effect on date of invitation for bids.

4. QUALITY ASSURANCE PROVISIONS

4.1 Sampling. Samples of onions offered under this specification may be selected by the Government inspector, examined, and tested at any time to determine if they are in accordance with the requirements of this specification.

4.2 Inspection.

4.2.1 *General.* Inspection shall be made by the procuring agency or a duly authorized representative, at the time and place designated by the procuring agency. It may be made at the packing house, both during and after packing, at any suitable point in transit, and after delivery to the point of destination. If inspection is made during the time of packing, the passing as satisfactory of any detail of packing or materials shall not relieve the contractor of responsibility for faulty workmanship or materials which may be discovered at any time prior to final acceptance.

4.2.2 *Final inspection.* Unless otherwise specified, final inspection shall be made after delivery to the point of destination (see 6.3 and 6.4).

4.2.3 *Inspection of packing and marking.* Inspection of packing and marking shall be performed in accordance with PPP-F-685.

4.2.4 *Responsibilty for inspection.* The supplier is responsible for meeting all provisions of the specification prior to submission of supplies to the Government for acceptance. Unless otherwise specified in the contract or order, the supplier is required to furnish an official inspection certificate issued by the U.S. Department of Agriculture certifying that the grade of the product supplied is as required by the contract or order.

4.2.4.1 Inspection records of the examination and tests shall be complete and made available to the Government as specified in the contract or order. The Government reserves the right to perform any of the inspections set forth in the specification where such inspections are deemed necessary to assure that supplies and services conform to prescribed requirements.

4.3 Tests.

4.3.1 *Chemical analyses.* Unless otherwise specified (see 6.1), chemical analyses, if required by the purchaser, shall be made in accordance with the Official Methods of Analysis of the Association of Official Agricultural Chemists in effect on the date of the invitation for bids, or in accordance with methods that give equivalent results.

5. PREPARATION FOR DELIVERY

5.1 Packing and marking. The product shall be packed and the containers marked in accordance with PPP-F-685. The level of packing shall be B or C, as specified (see 6.1).

6. NOTES

6.1 Ordering data. Purchasers should select the preferred options permitted herein and include the following information in procurement documents:

(*a*) Title, number, and date of this specification.

(*b*) Size (minimum diameter, diameter range, or size classification) and grade required (see 1.2.1 and 1.2.2).

(*c*) When chemical analyses are required (see 4.3.1).

(*d*) Selection of applicable level of packing required (see 5.1).

6.2 If samples with bids are necessary, they should be specifically asked for in the invitation for bids, and the particular purpose to be served by the bid sample should be definitely stated, the specification to supply in all other respects.

6.3 Contractor's inspection. The contractor should be required to assure that the product conforms with the specification prior to submission to the Government for final inspection.

6.4 Destination inspection. When the finished product has been inspected and passed at point other than destination, the contract should require that the product be inspected at destination for condition and quantity only.
