MAY 31, 1932

FEDERAL STANDARD STOCK CATALOGUE

Section IV

(Part 5)

FEDERAL SPECIFICATION

FOR

TAPE; LINEN-FINISH, RED

This specification was approved for promulgation by the Federal Specifications Board on May 31, 1932, for the use of the departments and independent establishments of the Government in the purchase of this commodity, and shall become mandatory for all departments and independent establishments of the Government not later than January 15, 1933. It may be put into effect, however, at any earlier date, after promulgation.

A. APPLICABLE FEDERAL SPECIFICATIONS.

A–1. There are no other Federal specifications applicable to this specification.

A–2. Any special requirements of the individual departments of the Government are noted under section H.

B. TYPE AND GRADE.

B–1. Tape covered by this specification shall be of one type and one grade only.

C. MATERIAL AND WORKMANSHIP.

C–1. Tape shall be made of cotton thread, straight weave.

D. GENERAL REQUIREMENTS.

D–1. Tape shall be $\frac{5}{16}$ of an inch wide. A tolerance in width of plus or minus $\frac{1}{32}$ inch in the weaving will be allowed. Each spool shall contain 72 yards.

E. DETAIL REQUIREMENTS.

E–1. The number of warp threads shall be not less than 19. The color of the tape shall be red, warranted not to run, crack, or fade. The tensile strength shall be not less than 25 pounds.

F. METHODS OF INSPECTION AND TESTS.

F–1. Tensile strength shall be tested on a machine with jaws 1 inch wide and 1 inch apart. All tests shall be made under normal atmospheric conditions.

G. PACKING, PACKAGING, AND MARKING.

G–1. Any special requirements of the individual departments are noted under section H.

G–2. *Packaging.*—Unless otherwise specified, commercial packages are acceptable under this specification.

G–3. *Packing.*—Unless otherwise specified, the subject commodity shall be delivered in standard commercial containers, so constructed as to insure acceptance by common or other carriers for safe transportation, at the lowest rate, to the point of delivery.

G–4. *Marking.*—Unless otherwise specified, shipping containers shall be marked with the name of the material, the size, type, and the quantity contained therein, as defined by the contract or order under which the shipment is made, the name of the contractor and the number of the contract or order.

H. REQUIREMENTS APPLICABLE TO INDIVIDUAL DEPARTMENTS.

H–1. The following departmental specifications of the issue in effect on date of invitation for bids shall respectively form a part of this specification:

H–1a. Army: United States Army Specification No. 100–2, Standard Specifications for Marking Shipments.

H–1b. Navy: Navy Department General Specification for Inspection of Material, copies of which may be obtained without cost upon application to the Bureau of Supplies and Accounts, Navy Department, Washington, D. C.

I. NOTES.

I–1. It is believed that this specification adequately describes the characteristics necessary to secure the desired material, and that normally no samples will be necessary prior to award to determine compliance with this specification. If, for any particular purpose, samples with bids are necessary, they should be specifically asked for in the invitation for bids, and the particular purpose to be served by the bid sample should be definitely stated, the specification to apply in all other respects.

I–2. This specification governs all United States Government purchases of this commodity. Users are requested to retain this specification in permanent file until a revision is issued.

I–3. Interested parties are advised that an alphabetical index of Federal specifications may be obtained upon application as noted in paragraph next below. Price to be obtained from the Superintendent of Documents.

I–4. Copies of this specification may be obtained upon application, accompanied by money order or coupon, or cash, to Superintendent of Documents, Government Printing Office, Washington, D. C. Price 5 cents.

I–5. Should material be offered by bidders under brand names, catalogue or model numbers, they must signify in the bid that material so offered meets this specification in all respects.

Notice.—When Government drawings, specifications, or other data are used for any purpose other than in connection with a definitely related Government procurement operation, the United States Government thereby incurs no responsibility or any obligation whatsoever; and the fact that the Government may have formulated, furnished, or in any way supplied the said drawings, specifications, or other data is not to be regarded by implication or otherwise as in any manner licensing the holder, or any other person or corporation, or conveying any rights or permission to manufacture, use, or sell any patented invention that may in any way be related thereto.

For sale by the Superintendent of Documents, Washington, D. C. - - - - Price 5 cents.
