4.2.2.4, Propelling Charge Sub-Assembly (Front); and 4.2.2.5, Propelling Charge Sub-Assembly (Rear); Delete:

"Critical:

1. Incorrect weight (weighing to be done immediately prior to assembling increments to shipping spindle.....Scale CD"

and substitute:

"100% Inspection

Critical (applicable to any half increment, or five increment bundle missing).

Special (see 6.6); (applicable to propelling charge sub-assembly out of weight tolerance).

1. Incorrect weight (weighing to be done immediately prior to assembling increments onto shipping spindle).....Scale CD"

PAGE 9

4.2.3.2.1, Delete "Code Letter I" and substitute "code letter F".

PAGE 11

* 5.1.3: Delete in its entirety and substitute the following:

"5.1.3 Level C. The propelling charge sub-assembly (front) - Part No. 9276822 shall be inserted in packing clip (front) drawing 9328024 and then overpack 120 clips to a fiberboard carton conforming to the requirements of drawing 7548645 except that case liner shall conform to Type I, Grade A material of specification MIL-L-10547. The clips shall be arranged in 5 layers of 4 x 5 with clips lying flat. On one long side of carton, pack 1 layer 2 x 5 with clips standing on ends. On another end, pack 2 layers 1 x 4 plus 2 clips in another row with all clips standing on ends. Chipboard fillers, drawing 9272315 shall be added on sides and top as required to achieve a tight pack. The propelling charge sub-assembly (rear) - Part No. 9276823 shall be inserted in packing clip (rear) drawing 9328025 and then overpack 160 clips to fiberboard carton conforming to requirements of drawing 7548645 except that case liner shall conform to Type 1, Grade A material for specification MIL-L-10547. The clips shall be arranged in 7 layers of 4 x 5 with clips lying flat. On one long side, pack

2 layers 2 x 5 with clips standing on ends. Chipboard fillers, drawing 9272315 shall be added on sides and top as required to achieve a tight pack. Kraft waxed paper will be placed between each layer.

Add new paragraph as follows:

"5.1.3.1 Alternative cartons. Use of existing cartons No's 1, 3, and 4 Dwg. 7548645 is permissible when these cartons are available. All new procurements are to be made to the No. 2 design carton."

PAGE 13

Add new paragraph as follows:

"6.6 Special defect. A defect, other than critical that judgement and experience indicates may, depending upon the degree of variance from the design requirement, result in hazardous or unsafe conditions for individuals using, maintaining or depending upon the product or could prevent performance of the tactical function of a major end item."

The margins of this amendment are marked with an asterisk or vertical lines to indicate where changes (additions, modifications, corrections, deletions) from the previous interim amendment were made. This was done as a convenience only and the Government assumes no liability whatsoever for any inaccuracies in these notations. Bidders and contractors are cautioned to evaluate the requirements of this document based on the entire content irrespective of the marginal notations and relationship to the last previous amendment."
