COMMERCIAL ITEM DESCRIPTION

CEREAL FOR BABIES, INSTANT

The U.S. Department of Agriculture has authorized the use of this Commercial Item Description.

This Commercial Item Description (CID) covers instant cereal for babies, packed in commercially acceptable containers, suitable for use by the Federal Government.

Salient characteristics.

The instant cereal for babies specified shall conform to the following types, as specified in the solicitation, contract, or purchase order.

Types.

Type I - Rice
Type II - Wheat
Type III - Oat
Type IV - Barley
Type V - Corn
Type VI - High Protein (with soya powder)
Type VII - Mixed

The instant cereal for babies shall be completely cooked and flaked, of suitable size such that it is readily mixable in milk or water and usable as a food supplement for infants. When prepared as directed on the package, the instant cereal for babies shall possess a characteristic texture, flavor, odor, and color.

The instant cereal for babies shall be processed in the United States, its territories, or its possessions from grains produced in the United States. The instant cereals shall be prepared from clean, sound grains. The product shall have an age on delivery to the Federal Government of not more than 45 days. The product shall comply with all provisions of the Federal Food, Drug, and Cosmetic Act and regulations promulgated thereunder. Unless otherwise specified, the product shall be fortified at a level not to exceed 50 percent of the USRDA for infants per 1/2 ounce serving.

FSC 8920

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Contractor's certification.

By submitting an offer, the contractor certifies that the product offered meets the specified salient characteristics and requirements of this CID; conforms to the producer's own specifications and standards, including product characteristics, manufacturing procedures, quality control procedures, and storage and handling practices; has a national or regional distribution from storage facilities located within the United States, its territories or possessions; and is sold on the commercial market. The Government reserves the right to determine proof of such conformance prior to the first delivery, from point of origin and any time thereafter, up to and including delivery at final destination, as may be necessary to determine conformance with the provisions of the contract.

Regulatory requirements.

The delivered product shall comply with all applicable Federal and State mandatory requirements and regulations relating to the preparation, packaging, labeling, storage, distribution, and sales of the product in the commercial marketplace. All deliveries shall conform in every respect to the provisions of the Federal Food, Drug, and Cosmetic Act and regulations promulgated thereunder.

Quality assurance.

When required in the solicitation, contract, or purchase order, the Federal Grain Inspection Service (FGIS), U.S. Department of Agriculture, will determine the quality assurance of the instant cereal for babies according to FGIS procedures. The product shall be examined or analyzed as applicable in accordance with provisions in the CID, and when applicable, the United States Standards for Condition of Food Containers.

Preservation, packaging, packing, labeling, and marking.

The instant cereal for babies shall be preserved, packaged, packed, labeled, and case marked in accordance with good commercial practice. Commercial labeling and packaging, as may be augmented by the solicitation, contract, or purchase order, shall be acceptable. Shipping containers shall comply with the National Motor Freight Classification or Uniform Freight Classification, as applicable.

Notes.

Purchasers should specify:
- Product types, as appropriate.
- Size of container required.
- Labeling requirements, if different from normal commercial practices.
- Special vitamin or mineral fortification requirements.
