MILITARY SPECIFICATION

NEON DRIVER CIRCUIT BOARD: 8623298

This amendment forms a part of Military Specification MIL-N-60195(MU), dated 24 February 1965.

Paragraph 3.5.4.1(a): Delete "plus 0.2" and "plus 0.15" and substitute "minus 0.2" and "minus 0.15".

* Following paragraph 4.1.1: Add paragraphs 4.1.2, 4.1.2.1 and 4.1.2.2 as follows:

"4.1.2 First Article (Initial Production) Approval.- The requirement for first article approval and the responsibility (Government or contractor) for first article testing shall be as specified in the contract. The sample for first article tests shall consist of three (3) neon drivers manufactured in the same manner using the same materials, equipment, processes, and procedures as used in regular production. All parts and materials, including packaging and packing, shall be obtained from the same source of supply as used in regular production.

4.1.2.1 Government Testing.- When the Government is responsible for conducting first article approval tests, the contractor, prior to submitting the sample to the Government, shall inspect the sample to insure that it conforms to all the requirements of the contract and submit a record of this inspection with the sample, including certificates of conformance for materials.

4.1.2.2 Contractor Testing.- When the contractor is responsible for conducting first article approval tests, the sample shall be inspected by the contractor for all the requirements of the contract. The sample and a record of this inspection, including certificates of conformance for materials, shall be submitted to the Government for approval. The Government reserves the right to witness the contractor's inspection."

* Paragraph 4.3.2: Delete first sentence and substitute:

"Neon driver units shall be selected at random by a government representative as control samples from each three (3) months production or portion thereof as follows:

3 units per first 100 produced
5 units per 200
7 units per 300
9 units per 400
10 units per 500
12 units per 700
15 units per 1000
and 2 units for each 100 items produced in excess of 1000."
