4.1: Delete and substitute:

4.1 Responsibility for inspection. Unless otherwise specified in the contract or purchase order, the supplier is responsible for the performance of all inspection requirements as specified herein. Except as otherwise specified in the contract or order, the supplier may use his own or any other facilities suitable for the performance of the inspection requirements specified herein, unless disapproved by the Government. The Government reserves the right to perform any of the inspections set forth in the specification where such inspections are deemed necessary to assure supplies and services conform to prescribed requirements.

4.3.1, lines 8 and 11. Delete "L-8" and substitute "S-4" respectively.

4.3.1: Add the following: "When Government source inspection is specified in the contract or purchase order, type II calking wool shall be selected in accordance with MIL-STD-105 at inspection level III with an acceptable quality level (AQL) of 2.5 percent defective."
