Block 7, Application/Interrelationship (Continued)

7.3 It is not intended that all the requirements contained herein should be applied to every program phase. Portions of this DID are subject to deletion tailoring depending upon the program phase in which it is applied in the contract.

7.4 This DID is related to DI-ILSS-80812 , Logistic Technical Data User Profile.

Block 10, Preparation Instructions (Continued)

10.2.4 Section 2. Users. Include users as identified by current LTD product distribution lists for similiar acquisitions and those activities known or expected to be participants in the acquisition. Shore-based users shall be grouped by their intended functional use of the information contained in the LTD package. Examples of the groupings are:

a. Shore and tender based repair facilities
b. Shore based engineering activities
c. Training commands and facilities
d. Maintenance planning activities
e. Supply support activities
f. Others as identified.

10.2.5 (For NAVSEA ONLY) Section 3 Shipboard users. Include shipboard personnel as identified by individual billets specified in the Preliminary Ship Manning Document (PSMD) or equivalent document. Group by rating all those expected to receive and use LTD products developed under the contract or acquisition.
