DATA ITEM DESCRIPTION

Title: SUPPLIER'S CONFIGURATION MANAGEMENT PLAN

Number: DI-SESS-80858D
AMSC Number: N10144
DTIC Applicable: No
Preparing Activity: NM
Applicable Forms: N/A

Approval Date: 20200211
Limitation: N/A
GIDEP Applicable: No
Project Number: SESS-2020-007

Use/relationship: The Supplier's Configuration Management (CM) Plan describes the organization, procedures, and controls of the Supplier's CM program. The principle use is to provide the Government a basis for review, evaluation, and monitoring of the CM program and associated proposed components.

a. This DID contains the format, content, and intended use information for the data deliverable resulting from the work task described in EIA-649-1 and the principles of EIA-649 (Copies of these standards are available online at www.sae.org or from SAE International, 400 Commonwealth Drive, Warrendale, PA 15096-0001, Tel 877-606-7323 [inside USA and Canada] or 724-776-4970 [outside USA]).

b. This DID supersedes DI-SESS-80858C.

Requirements:

1. Reference Documents. The applicable issue of the documents cited herein, including their approval dates and dates of any applicable amendments, notices, and revisions, shall be as specified in the contract.

2. Format. The Supplier's CM plan shall be prepared in Supplier format.

3. Content. The Supplier's CM plan shall identify the Supplier's processes and procedures for:

   a. Configuration management and planning over the lifecycle of a product.
   b. Configuration identification throughout the product lifecycle.
   c. Configuration change management involves controlling and documenting the product and its product configuration information to the product's end of life.
   d. Configuration status accounting involves recording and reporting of information needed to trace and manage configuration of a product.
   e. Verification and audits to ensure consistency of product information are established and maintained in the execution of the total configuration, including hardware, software, and firmware.

End of DI-SESS-80858D

DISTRIBUTION STATEMENT A. Approved for public release. Distribution is unlimited.
