4.6.7.11 Reticle focus. Second sentence: Delete in it entirety and substitute the following:

"The periscope reticle shall be in best focus within the limit specified in 3.9.12, as measured on the diopter knob scale."

The margins of this amendment are marked with an asterisk or vertical lines to indicate where changes (additions, modifications, corrections, deletions) from the previous amendment were made. This was done as a convenience only and the Government assumes no liability whatsoever for any inaccuracies in these notations. Bidders and contractors are cautioned to evaluate the requirements of this document based on the entire content irrespective of the marginal notations and relationship to the last previous amendment.
