PART NUMBER	CAPACITY ML
MS36543-1	45

MATERIAL: Bottle and components shall be made of borosilicate glass in accordance with Federal Specification, DD-G-541, Type I, Class A.

DESIGN: The complete assembly of the bottle shall include a glass rod and glass cap that forms a ground glass seal with the bottle.

USE: For applying immersion oil to slides.

NOTE: Items differing from this Military Standard by minor variations in design or dimensions are considered standard under this document, provided such variations do not affect performance and are not in conflict with the material requirements specified herein.

APPROVED 7 JAN 1983 REVISED

This military standard is approved for use by all Departments and Agencies of the Department of Defense. Selection for all new engineering and design applications and for repetitive use shall be made from this document.
