Material: Brass in accordance with (1) QQ-B-626, alloy 360, temper half hard or SAE UNS C36000, half hard or (2) QQ-B-626, alloy 377 or SAE UNS C37700.

Protective coating: None.

Dimensions and tolerances: Dimensions and tolerances shown shall be in accordance with the SAE Standard for 45° Flared Type Tube Fittings (SAE J512). Unless otherwise specified all dimensions are in inches.

Threads: Threads shall be in accordance with FED-STD-H28.

Part number: The MS part number consists of the MS number plus the dash number.
Example: MS39165-1

NOTES:

1. For design feature purposes, this standard takes precedence over procurement documents referenced herein.
2. Referenced documents shall be of the issue in effect on date of invitations for bids, or request for proposal, except that referenced adopted industry documents shall give the date of the issue adopted.
3. The illustration is for identification and is not intended to restrict designs and shapes not dimensioned.
