FED. SUP CLASS
5935

NOTES.

1. DIMENSIONS. The dimensions of each plug shall be as shown above. All dimensions are in inches.

2. MS PART NUMBER. The MS part number of each plug shall be MS14111-1.

3. MAXIMUM WEIGHT. The weight of each plug shall not exceed 0.75 pound.

4. SPECIFICATION. The plugs shall conform to requirements of MIL-P-18148 for two-wire plugs modified as follows:

3.5.1 TWO-WIRE PLUGS. Replace the second sentence with: "Each plug shall be usable with two wires conforming to MS25190 for Type 2, and also with two wires conforming to MIL-C-5756, of each size for which adapters are provided on MS14111, with such adapters crimped onto them." Replace "Each plug shall include two setscrews - - -" through "- - - inserted in the wrench entry holes" with: "Each plug shall include means for retaining the adapters in the plug, operated by military standard tools inserted through a maximum of two tool entry holes on the front, sides, back, or top of the plug as shown. The adapters shall be recessed in the wire entry holes as shown. The minimum recession shown shall be met with each adapter provided on MS14111."

3.6.1 TWO-WIRE PLUGS. Replace "12.5 inch-pounds" with "15 inch-pounds".
