COMMERCIAL ITEM DESCRIPTION

JAR, SCREW CAP

The General Services Administration has authorized the use of this commercial item description, for all federal agencies.

1. SCOPE. This commercial item description (CID) covers the requirements for a 1-fluid pint, 16-ounce capacity, screw cap jar for general purposes.

2. SALIENT CHARACTERISTICS. This jar, screw cap, shall be supplied without a metal lid. Any commercially available standard 1-pint canning jar may be used. The nominal top inside diameter shall be 3-1/4 inches. This is standard for this type of wide mouth jar.

2.1 Physical and chemical properties. This jar, screw cap, shall conform to the requirements of ASTM standard E438, Type I, Class A when tested in accordance with ASTM Test Method EZ28.

3. REGULATORY REQUIREMENTS

3.1 Recovered materials. The offeror/contractor is encouraged to use recovered materials to the maximum extent practicable, in accordance with paragraph 23.403 of the Federal Acquisition Regulation (FAR).

Beneficial comments, recommendations, additions, deletions, clarifications, etc. and any data which may improve this document should be sent to: Defense General Supply Center, ATTN: DGSC-VCA, Richmond, VA 23297-5610.

AMSC-N/A FSC 8125

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

3.2 Metric products. Products manufactured to metric dimensions will be considered on an equal basis with those manufactured using inch-pound units, provided they fall within specified tolerances using conversion tables contained in the latest version of FED-STD-376, Preferred Metric Units for General Use by the Federal Government, and all other requirements of this commercial item description, including form, fit, and function, are met. If a product is manufactured to metric dimensions and those dimensions exceed the tolerances specified in the inch-pound units, a request should be made to the contracting officer to determine if the product is acceptable. The contracting officer has the option of accepting or rejecting the product.

4. QUALITY ASSURANCE PROVISIONS

4.1 Contractor certification. The contractor shall certify and maintain substantiating evidence that the product offered meets the salient characteristics of this commercial item description, and that the product conforms to the producer's own drawings, specifications, standards, and quality assurance practices, and is the same product offered for sale in the commercial marketplace. The government reserves the right to require proof of such conformance prior to first delivery, and thereafter, as may be otherwise provided for under the provisions of the contract.

5. PRESERVATION, PACKAGING, PACKING, AND MARKING. Preservation, packaging, packing, and marking for shipment shall be in accordance with ASTM D 3951, Standard Practice for Commercial Packaging, or as specified in the contract or order.

6. NOTES

6.1 Addresses for obtaining reference documents.

6.1.1 ASTM documents. ASTM documents may be obtained from the American Society for Testing and Materials, 1916 Race Street, Philadelphia, PA 19103.

6.1.2 Military and federal specifications. Military and federal specifications may be obtained from the Standardization Documents Order Desk, 700 Robbins Avenue, Building 4, Section D, Philadelphia, PA 19111-5094.
