ENGINEERING MANAGEMENT

MIL-STD-499A(USAF), dated 1 May 1974, was cancelled 27 February 1995. IEEE 15288.1-2014, "IEEE Standard for Application of Systems Engineering on Defense Programs," adopted on 5 June 2015 for use by the Department of Defense (DoD) can be used as a replacement.

IEEE 15288.1 provides the basis for selection, negotiation, agreement, and performance of necessary systems engineering activities and delivery of products, while allowing flexibility for both innovative implementation and tailoring of the specific systems engineering process(es) to be used by system suppliers, either contractors or government system developers, integrators, maintainers, or sustainers.
