Check the source to verify that this is the current version before use.

5.2 Delete in its entirety and substitute the following:

"Marking. Unless otherwise specified, the drums shall be marked in accordance with ASTM-D-3951 and shall include the lot number and the following, in letters no less than 1/4 inch high:

This material in shipment and storage shall be maintained at a temperature of not less than 2 degrees C (36 degrees F) nor more than 45 degrees C (113 degrees F)."

NOTE: The margins of this amendment are marked with an asterisk or vertical line to indicate where changes (additions, modifications, corrections, deletions) from the previous amendment were made. This was done as a convenience only and the Government assumes no liability whatsoever for any inaccuracies in these notations. Bidders and contractors are cautioned to evaluate the requirements of this document based on the entire content irrespective of the marginal notations and relationship to the last previous amendment.
