INTERIM AMENDMENT TO

FEDERAL SPECIFICATION

EXTRACTOR; COTTER PIN

This interim amendment was developed by Standardization Division, Federal Supply Service, General Services Administration, Washington, D. C., 20406, based upon currently available technical information. It is recommended that Federal agencies use it in procurement and forward recommendations for changes to the preparing activity at the address shown above.

The General Services Administration has authorized the use of this interim amendment as a valid exception to Federal Specification GGG-E-926b, dated September 18, 1963.

PAGE 1

Section 2: Under Federal Standards: Delete "Fed. Std. No. 102 - Preservation, Packaging, and Packing Levels."

PAGE 2

Par. 3.5: Delete and substitute:

3.5 *Finish.* Extractors shall be smoothly finished and free from burrs, fins, cracks, flash, or any other imperfections that might impair serviceability. Extractors shall be plated, painted, or otherwise treated to resist corrosion. Workmanship shall be first class in every respect.

PAGE 3

Section 5: Under "PREPARATION FOR DELIVERY" delete "(Civil agencies should refer to Fed. Std. No. 102 for definitions and applications of the various levels of packaging protection for supplies and equipment.)"

PAGE 4

Par. 6.2: Delete in its entirety.

Delete "Notice" in its entirety.
