PRODUCTS QUALIFIED UNDER MILITARY SPECIFICATION

MIL-R-27777

RELAYS, TELEGRAPH, PASSIVE, SOLID STATE

GENERAL SPECIFICATION FOR

GOVERNMENT DESIGNATION	MANUFACTURER'S DESIGNATION	TEST OR QUALIFICATION REFERENCE	MANUFACTURER'S NAME & ADDRESS

As of 11 April 1969, no relays have been tested and qualified under MIL-R-27777. Pending the establishment of a Qualified Products List or the approval of a product for inclusion on the Qualified Products List, or for those products which have not been approved for listing after a Qualified Products List has been established, the qualification requirements (paragraphs 3.2.1 and 6.3) of MIL-R-27777 shall be waived for Military Procurements. However, relays furnished under MIL-R-27777 shall be capable of meeting the qualification tests, and procuring agencies should require contractors to furnish preproduction samples, along with test data, of relays that they propose to supply for Government inspection and contractual approval.

When a Qualified Products List is established for all products under MIL-R-27777, this Notice should be destroyed.

The activity responsible for the establishment of QPL-27777 is the Department of the Air Force, Rome Air Development Center, Griffiss Air Force Base: EMTS, New York 13440; however, information pertaining to qualification of products may be obtained from the Defense Electronics Supply Center (DESC-EQ), Dayton, Ohio 45401.
