QUALIFIED PROJECTS LIST OF PRODUCTS QUALIFIED UNDER MILITARY SPECIFICATION MIL-M-28787, MODULES, STANDARD ELECTRONIC, GENERAL SPECIFICATION FOR FSC 5963

This list has been prepared for use by or for the Government in the acquisition of products covered by the subject specification and such listing of a product is not intended to and does not connote endorsement of the product by the DoD. All products listed herein have been qualified under the requirements for the product as specified in the latest effective issue of the applicapable specification. This list is subject to change without notice; revision or amendment of this list will be issued as necessary. The listing of product does not release the supplier from the compliance with the specification requirements.

THE ACTIVITY RESPONSIBLE FOR THE QUALIFIED PRODUCTS LIST (QPL) IS the Naval Weapons Support Center, Code 60312, Crane, IN 47522-5060.

NOTE : When the military procurement specification requires JAN certification and there are no products listed of approved for listing on the QPL or when suppliers of those products of the QPL are unresponsive to an IFB, the qualification requirement of paragraph 3.2 of MIL-M-28787 may be waived for procurement of Standard Electronic Modules only by the Preparing Activity. When JAN certification is waived, procuring activities shall invoke first article inspection. First article inspection shall consist of performing all qualification tests. The sample size and allowable defects shall be in accordance with the military specification MIL-M-28787 qualification sampleing and acceptance criteria. First article testing shall be performed by the Naval Weapons Support Center.

DISTRIBUTION STATEMENT A: Approved for public release; distribution is unlimited.
