SUPERSEDES ANA DRAWING AN6208

NOTICE: When Government drawings, specifications, or other data are used for any purpose other than in connection with a definitely related Government procurement operation, the United States Government thereby incurs no responsibility, nor any obligation whatsoever; and the fact that the Government may have formulated, furnished, or in any way supplied the said drawings, specifications, or other data is not to be regarded by implication or otherwise as in any manner licensing the holder or any other person or corporation, or conveying any rights or permission to manufacture, use, or sell any patented invention that may in any way be related thereto.

AIR FORCE NAVY: This drawing was approved by joint action of the AF and N Departments as an AF-Navy standard for this product. This drawing supersedes all prior standard drawings for the same product and shall become effective for the procurement of aeronautical supplies, or for use in new designs, not later than six months after the date of approval shown. It may be put into effect, however, at an earlier date after promulgation.
