COMMERCIAL ITEM DESCRIPTION

BOTTLE, SCREW CAP
(Narrow Mouth, Rectangular)

The General Services Administration has authorized the use of this commercial item description.

This commercial item description covers a translucent plastic, narrow mouth, rectangular bottle with a pouring spout, captive screw cap and molded carrying handle suitable for transporting and storing liquids used in laboratory procedures.

Salient characteristics:

Shall be a translucent plastic, narrow mouth, rectangular bottle with a pouring spout and captive screw cap. A molded carrying handle shall be an integral part of the bottle.

The bottle, pouring spout (if not an integral part of the bottle), and screw cap captivating strap, shall be constructed of high density polyethylene. The screw cap shall be constructed of polypropylene.

Provision shall be made for storage of the pouring spout, when not in use, if it is not an integral part of the bottle.

The internal threads of the screw cap shall mate with the external threads on the bottle to form a leakproof closure.

The bottle capacity shall be indicated on the bottle with raised, molded graduations in gallons and liters as follows:

a. Gallons-In 1/2 gallon increments numbered every 1/2 gallon.

b. Liters-In 2 liter increments numbered every 2 liters.

Additional headspace shall be provided for normal expansion.

Maximum overall dimensions with screw cap closure in place shall be:

a. 1-1/2 gallon-14.0 H x 7.5 W x 9.0 D inches (35.6 H x 19.1 W x 22.9 D cm).

b. 2-1/2 gallon-16.0 H x 8.0 W x 10.0 D inches (40.6 H x 20.3 W x 24.0 D cm).

A recessed bottom shall provide a second handgrip for pouring.

Workmanship. The bottle shall be free from defects which detract from its appearance or impair its serviceability.

Unit. Each (EA). One bottle, as specified, constitutes one unit.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U. S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered materials. The offeror/contractor is encouraged to use recovered material in accordance with Public Law 94-580 to the maximum extent practical.

Preservation, packaging, packing, labeling, and marking. Unless otherwise specified, preservation, packaging, and packing shall be to a degree of protection to preclude damage to containers and/or contents thereof under normal shipping conditions, handling, etc., involving shipment from the supply source to the receiving activity, plus reshipment from receiving activity, and shall conform to applicable carrier's rules and regulations. Intermediate and exterior package quantities and labeling and marking shall be as specified in the contract and/or order.

The following National Stock Numbers are covered by this document:

6640-01-146-4270	1-1/2 gallon size
6640-00-010-8363	2-1/2 gallon size

Ordering data (Intermediate/exterior package quantities and labeling and marking must be specified in the contract and/or order.)
