COMMERCIAL ITEM DESCRIPTION

DYNAMOMETER, HAND, HYDRAULIC

The General Services Administration has authorized the use of this commercial item description.

This commercial item description covers a hydraulic hand dynamometer for use in evaluating hand injuries.

Salient characteristics:

The unit shall be a hydraulic hand dynamometer for use in evaluating an injured hand. The dynamometer shall be adjustable to fit different hand sizes. The dynamometer shall be constructed of a suitable corrosion-resisting metal. The dynamometer shall register force from 0 to 200 pounds.

The dynamometer shall be free of abrasions, cuts and damage.

Each unit of issue shall have instructions for use.

Workmanship. The hydraulic hand dynamometer shall be free from defects which detract from its appearance or impair its serviceability.

Unit. Each (EA). One hydraulic hand dynamometer, as specified, constitutes one unit of issue.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U.S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

INSTRUCTIONS: In a continuing effort to make our standardization documents better, the DoD provides this form for use in submitting comments and suggestions for improvements. All users of military standardization documents are invited to provide suggestions. This form may be detached, folded along the lines indicated, taped along the loose edge *(DO NOT STAPLE)*, and mailed. In block 5, be as specific as possible about particular problem areas such as wording which required interpretation, was too rigid, restrictive, loose, ambiguous, or was incompatible, and give proposed wording changes which would alleviate the problems. Enter in block 6 any remarks not related to a specific paragraph of the document. If block 7 is filled out, an acknowledgement will be mailed to you within 30 days to let you know that your comments were received and are being considered

NOTE. This form may not be used to request copies of documents, nor to request waivers, deviations, or clarification of specification requirements on current contracts. Comments submitted on this form do not constitute or imply authorization to waive any portion of the referenced document*(s)* or to amend contractual requirements.
