COMMERCIAL ITEM DESCRIPTION

SPECTINOMYCIN HYDROCHLORIDE, STERILE, USP

The General Services Administration has authorized the use of this Commercial Item Description as a replacement for Military Specification MIL-S-37446 which is cancelled.

Salient characteristics.

Shall be Spectinomycin Hydrochloride, Sterile, USP.

Shall be in accordance with the requirement of the USP.

All ingredients shall be of a pharmaceutical grade.

Strength:

For Strength 1, shall contain a quantity of Spectinomycin Hydrochloride, equivalent to 2 grams of Spectinomycin, within the applicable assay limits.

For Strength 2, shall contain a quantity of Spectinomycin Hydrochloride, equivalent to 4 grams of Spectinomycin, within the applicable assay limits.

Workmanship. The product shall be free from defects which detract from its appearance or impair its serviceability.

Unit. Package (PG). Shall be supplied as a powder in a commercially available vial packaged together with a commercially available ampul of Bacteriostatic Water for Injection, USP, with Benzyl Alcohol 0.9 percent. One package containing one (1) vial of Spectinomycin Hydrochloride and one (1) ampul Bacteriostatic Water for Injection, as specified, constitutes one unit.

AMSC/NA FSC 6505

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U.S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug, and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered material. The offeror/contractor is encouraged to use recovered material in accordance with Federal Acquisition Regulation Subpart 23.4 to the maximum extent practical.

Preservation, packaging, packing, labeling, and marking. Unless otherwise specified, preservation, packaging, and packing shall be to the degree of protection to preclude damage to containers and/or contents thereof under normal shipping conditions, handling, etc., involving shipment from the supply source to receiving activity, plus reshipment from receiving activity, and shall conform to applicable carrier's rules and regulations. Intermediate and exterior package quantities and labeling and marking shall be as specified in the contract and/or order.

Ordering data. Expiration dating required, intermediate/exterior package quantities and labeling and marking must be specified in the contract and/or order.
