10. PREPARATION INSTRUCTIONS

10.1 Source document. The applicalbe issue of the document cited herein, including its approval date and dates of any applicable amendments and revisions, shall be as reflected in the contract.

10.2 The items prepared will be 4x5-inch (10.2x12.7 centimeters (cm)) black and white and/or color original negatives with two matching proof prints. Contractors will include color photography suitable for high quality reproduction of program highlights only. Color photography will be exposed on 4x5-inch (10.2x12.7cm) film. When negative color material is used, the original color negative and one matching positive color transparency will be included. Contractors may furnish still photography in sizes other than described above only when approved by the procuring contracting officer.

10.3 Identification. Contractors will letter the following data in the widest clear margin of the negative or transparency on the acetate side starting from the left: Negative number, calendar year, contractor, security classification, and automatic time-phased downgrading notation.

10.3.1 No lettering will appear on the exposed picture area. If necessary, prepare and include a transparent title strip.

10.3.2 Assign negative numbers in sequence starting with number 1 at the beginning of each calendar year.

10.3.3 Place each black-and-white negative in a separate negative preserver. Color materials will be placed in separate protective transparent sleeves and placed inside separate negative preservers.

3. DESCRIPTION/PURPOSE (Cont'd)

and scientific information between military, industrial, civilian, and other Government agencies. The coverage is essential for use in the Government internal information programs and as public information when appropriate. The pictorial records made of the outstanding events, training devices and achievements during the course of program development become permanent Government legal and historic records. The pictorial records may also be used in personnel orientation.

---

7. APPLICATION/INTERRELATIONSHIP (Cont'd)

7.3 This DID is related to DI-MISC-80170.

7.4 This DID supersedes UDI-E-25559A.

---

10. PREPARATION INSTRUCTIONS (Cont'd)

10.3.4 Mark negative preserver conspicously with negative identification, security classification, automatic time-phased downgrading notation, and brief subject identification.

10.4 The views shall be in accordance with the type selected from 3.4 of DOD-T-29055(TD), and cited on the DD Form 1423.

10.5 Identification markings of the prints and negatives shall be in accordance with 3.5.1 and 3.5.2 respectively of DOD-T-29055(TD). Security markings shall be in accordance with 3.5.4 of DOD-T-29055(TD).
