COMMERCIAL ITEM DESCRIPTION

BAG, PAPER, (GLASSINE)

The General Services Administration has authorized the use of this document.

1. Scope. This document covers the requirements for glassine paper bags used in packaging film negatives, seals, tooth brushes, textiles, notions, tags, and food products.

2. Salient Characteristics.

2.1. Dimensions. Inside dimensions of the bags shall be as specified in the contract or purchase order.

2.2. Construction. The bag shall be flat style, single wall, one open end, and the natural color of the wood pulp and additives. The glassine paper shall conform to the requirements of the Federal Food, Drug and Cosmetic Act. The paper shall be untreated, transparent, grease and scuff resistant.

Beneficial comments, recommendations, additions, deletions, clarifications, etc. and any data which may improve this document, should be sent to: General Services Administration, Federal Supply Service, 26 Federal Plaza, New York N.Y. 10278 ATTN: Engineering Branch (2FYEE).

Check the source to verify that this is the current version before use.

2.3. Materials. Paper used in fabrication of the bags shall be glassine, and shall conform to physical requirements specified in Table I below.

Table I

	Physical Characteristics	Test Method
Basis Weight minimum	40.7 g/m^2 (25 lbs, 24"x36"-500)	TAPPI T 410
Bursting Strength minimum average	124 kPa (18 psi)	TAPPI T 403
Tear Resistance minimum	12 grams	TAPPI T 414
& MD plus CD	25 grams	
Grease Resistance minimum average*	500 seconds	TAPPI T 454

* No individual resistance to grease penetration shall be less than 400 seconds

2.4. Workmanship. The bags shall be free of serrated edges and shall be cut flush with a thumb cut on the face. The bags shall be free of holes, tears, or other defects which may impair their serviceability.

3. Quality Assurance.

3.1. Product conformance. The product provided shall meet the salient characteristics of this document, conform to producer's own drawings, specifications, standards, and quality assurance practices and be the same product offered for sale in the commercial market. The government reserves the right to require proof of such conformance.

Sampling and acceptance criteria shall be conducted in accordance with the applicable Tappi tests referenced in this commercial item description.
