COMMERCIAL ITEM DESCRIPTION

CLEANER-DISINFECTANT (PINE TYPE)

The General Services Administration has authorized the use of this commercial item description.

SCOPE.

This commercial item description covers a pine oil based cleaner-disinfectant type product for cleaning, disinfecting and deodorizing.

SALIENT CHARACTERISTICS.

The cleaner-disinfectant solution shall be effective at 15 mL per liter (2 oz. per gallon) to kill gram negative bacteria on non-porous surfaces. The pine oil component shall be comprised of 80% terpene alcohols.

Characteristic	Limits min	Limits max	Test Method
Pine oil content (percent by wt.)	19	22	ASTM D 3009 see footnote 1
Soap or Detergent (percent by wt.)	10	---	see footnote 2
Sulfur content, PPM (of pine oil component)	---	100	ASTM D 3961

[1] Test for percent of pine oil. The percent pine oil shall be determined by calculation after determining the amount of terpene alcohols in the cleaner using the modified ASTM D 3009 method, available from the Arizona Chemical Company and using butyl carbitol as an internal standard or an equivalent method.

DISTRIBUTION STATEMENT A: Approved for public release.
Distribution is unlimited.
FSC 6840

[2]Percent of Soap or detergent. Weigh a 5.0 gm sample to the nearest mg into a 250 mL beaker. Determine the percent of soap or detergent in accordance with ASTM D 820.

Odor. The odor of the product shall be characteristic of pine oil. The odor shall not be rancid.

Material Safety Data Sheet. A material safety data sheet (MSDS) shall be submitted in accordance with the latest version of FED-STD-313.

Registration and Labeling. The cleaner-disinfectant solution shall be registered with the Environmental Protection Agency (EPA). It shall be labeled in compliance with the most current Regulations for the Enforcement of the Federal Insecticide, Fungicide and Rodenticide Act (40CFR 162-180) and Occupational Safety and Health Administration (OSHA) regulations (29CFR 1910.1200).

QUALITY ASSURANCE PROVISIONS.

Certification. The contractor shall certify that the product offered meets the salient characteristics of this description and that the product conforms to the producer's own drawing, specifications, standards and quality assurance practices and is the same product offered for sale in the commercial marketplace. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Packaging, packing and marking. The packaging and packing shall be in accordance with normal commercial practice and shall assure acceptance by common carrier and provide product protection against loss and damage during multiple shipments, handling and storage. The shipping container shall be in compliance with the National Motor Freight Classification and Uniform Freight Classification. Marking shall be as specified in the contract or order.

Special Marking. KEEP OUT OF REACH OF CHILDREN. HARMFUL IF SWALLOWED.

Intended Use. This product may be used to kill gram negative odor causing bacteria in toilet, sickroom and other non-food household surfaces such as floors, walls and tubs. May also be used for general household cleaning and removing grease. Useful for cleaning and unclogging sink drains and deodorizing toilet bowls.
