AMENDMENT

TO

INTERIM FEDERAL SPECIFICATION

BAG, TOOL SATCHEL

This amendment was developed by the Standardization Division, Federal Supply Service, General Services Administration, Washington, D. C., 20406, based upon currently available technical information. The General Services Administration has authorized this amendment as part of Interim Federal Specification GGG-B-0060A(GSA-FSS), dated May 18, 1966.

PAGE 1

Paragraph 2.1, under "Federal Specifications". Add "KK-L-154 - Leather, Cattlehide (Bag and Case)".

PAGE 2

Paragraph 3.2.1, delete and substitute:

3.2.1 Leather or artificial leather. Unless otherwise specified (see 6.1), full grain cowhide conforming to KK-L-154, type I or type II, class 1, style A shall be used to fabricate the handle covering and the body of the tool bag. The body shall be fabricated from 6 ounce (6/64 inch thick) leather, and the handle shall be fabricated from 3 ounce (3/64 inch thick) minimum leather. When artificial leather is specified, it shall be in accordance with CCC-A-700, class 3, treatment b.

Paragraph 3.4, add subparagraph as follows:

3.4.1 Dimensions. The over-all dimensions of the case, excluding projections, shall be 15-1/2 inches long, 5-1/4 inches wide, 11-3/8 inches high with a plus or minus tolerance of 1 inch.

PAGE 3

Paragraph 3.5.3, delete and substitute:

3.5.3 Trays. The bag shall be provided with three trays with hinged lids and a conveniently located pull for removing the trays from the bag. The trays shall be fabricated from steel, plated to resist corrosion; aluminum; or plastic. When plastic is used, it shall be suitable for the purpose and possess the minimum characteristics of acrylonitrile-butadiene styrene (ABS) resins. The trays shall be not less than 13-13/16 inches long and 3-13/16 inches wide, exclusive of lid dimensions, with height and number of compartments as follows:

	Minimum Height	Minimum Number of Compartments
Small tray	3/4 inch	14
Medium tray	15/16 inch	7
Large tray	1-3/8 inch	4

The compartment partitions shall be securely fastened or integrally molded to the tray.

PAGE 6

Paragraph 6.1, change option (b) to read:

"(b) Material, if different (see 3.2.1)."
