AIR FORCE-NAVY AERONAUTICAL BULLETIN

ENGINES, AIRCRAFT TURBINE AND JET, DESIGNATION OF

The model designation system described in ANA Bulletin No. 306m is being replaced by the designation system covered by MIL-STD-879. Since provision is made in MIL-STD-879 for engine designations of mixed form (ANA Bulletin No. 306 and MIL-STD-879), ANA Bulletin No. 306 remains active for modification of those engines previously designated. For all new engine model designations MIL-STD-879 will apply.
