COMMERCIAL ITEM DESCRIPTION

CAP, PAPER, FOOD HANDLERS

The General Services Administration has authorized the use of this commercial item description by all federal agencies.

1. SCOPE. This commercial item description (CID) covers paper caps for use by food handlers.

2. SALIENT CHARACTERISTICS

2.1 Design. The cap shall be either a Skull style or Overseas style as depicted by Figure 1. As supplied the caps shall be fully assembled and ready to wear.

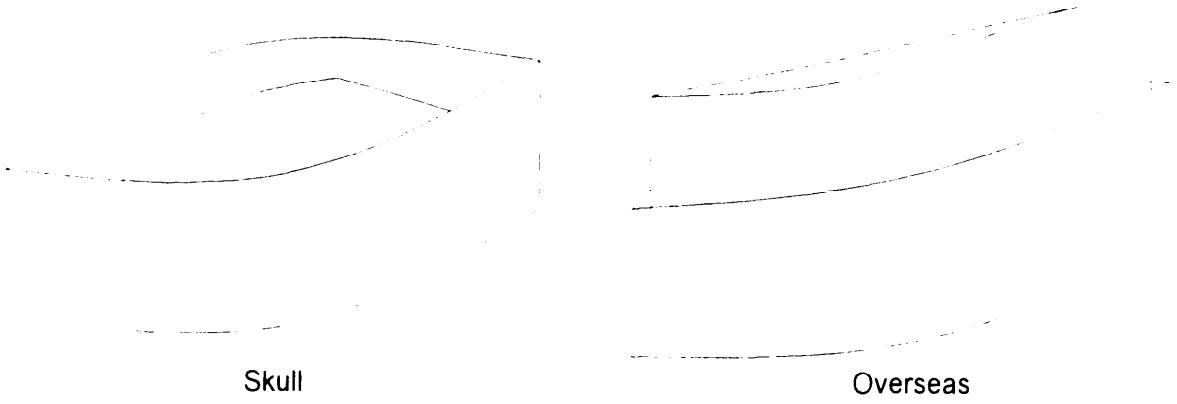

Figure 1

2.2 Material. The entire cap shall be 100% paper, minimum 20% post-consumer waste, and white in color. The base and band portions of the cap shall be constructed from 90.0 ±10 g/m^2 paper.

2.3 Construction.

2.3.1 Headband. The headband shall be continuously adjustable from head sizes 6-7/8 (circumference of 54.9 ±0.6 cm) to 7-1/2 (circumference 59.7 ±0.6 cm) inclusive. The headband shall be re-adjustable. Adjusting instructions shall be printed on the inside. Any coatings used shall be odorless, tasteless, colorless, free from dirt and foreign material, and shall not soften, peel or flake off. Skull style caps shall have a base height 3-1/2 ±1/4 inches (8.8 ±0.6 cm), the overseas style caps shall have a base height of 2-1/2 ±1/4 inches (6.3 ±0.6 cm).

2.3.2 Seams. The seams shall be either sewn or bonded and shall be stronger than the paper united. The seams shall not unravel or separate during use. Sewn seams shall not extend beyond the edge of the cap. Glued seams shall not separate without tearing or leaving a residue of fibers on the adhesive, and shall not show excessive adhesive around the seam.

beneficial comments, recommendations, additions, deletions, clarifications, etc. and any data which may improve this document should be sent to: General Services Administration, Engineering Group (7FXEE), 819 Taylor Street, Fort Worth, TX 76102

Check the source to verify that this is the current version before use.

2.4 Workmanship. The caps shall be free from holes, tears, cuts, dirt and foreign material. The caps shall adjust in size smoothly and hold the size set. Cap markings shall be legible. There shall not be excessive adhesive. There shall be proper alignment along all folds and seams.

3. REGULATORY REQUIREMENTS.

3.1 Regulatory requirements. The offeror/contractor is encouraged to use recovered materials to the maximum extent practicable, in accordance with paragraph 23.403 of the Federal Acquisition Regulation (FAR).

4. QUALITY ASSURANCE PROVISIONS

4.1 Product conformance. The products provided shall meet the salient characteristics of this CID, shall conform to the producer's own drawings, specifications, standards, and quality assurance practices, and shall be the same product offered for sale in the commercial market. The government reserves the right to require proof of such conformance.

5. PACKAGING, PACKING AND MARKING

5.1 Packaging, packing and marking. The packaging, packing, and marking shall be as specified in the contract or order.

6. NOTES

6.1 Intended use. These caps are for use by food handling personnel.

6.2 Ordering data. Purchases should select the preferred options permitted herein and include the following information in procurement documents:

a. Title, number, and date of this CID.
b. The packaging, packing and marking desired

6.3 National Stock Numbers. NSN 8415-00-634-2410 is the only known NSN to utilize this CID.
