WITHDRAWAL OF ADOPTION NOTICE

The Department of Defense has determined it no longer has an interest in SAE J898, "Control Locations for Off-Road Work Machines" and is hereby withdrawing its adoption of this document as of 19 May 2011. SAE J898 has been superseded by ISO 6682, "Earth-moving machinery - Zones of comfort and reach for controls."

As of the date of this notice, ISO 6682 does not meet Department of Defense requirements based on comparison to the most recently obtained Army anthropometric data. Users are cautioned to evaluate its suitability for their particular application before citing it as a replacement document.
